## **THA COVID-19 Operating Policy and Procedures Update #15:**

### **Important Information in regards to a COVID-19 Positive Test and Exposures.**

We have been notified of a positive COVID-19 test and exposure with our U14 Team. In accordance with CAHA and THA COVID-19 Operating Policy and Procedures the U14 Team is under a ten-day quarantine. All practices, skills and games for the U14 Team are immediately cancelled and the team can return to team activities on Tuesday February 16, 2021.

As we near the end of the season positive tests and potential exposures will continue and want to remind everyone to remain diligent in our efforts to prevent the exposure and transmission of this virus by wearing proper face coverings, avoid close contact within six feet of others and wash your hands or use hand sanitizer.

Appreciate your support and understanding.

Bucky Dame  
THA Executive Director
