

Program Safety Sheet

PROGRAM NAME: **SKATEBOARD CAMPS 2021** (Updated 5/28/2021)

The following safety sheet has been created to share important information to keep participants and instructors safe. If you have any additional questions, please contact the Program Supervisor.

Participant Information:

Prior to attending classes, participants should assess their health condition and pre-screen for COVID-19 related symptoms. Students who are feeling sick should not attend class. Activities will be planned to allow for social distancing. Participants must follow all safety protocols as communicated by the instructor.

Arrival and Departure Information:

All skaters should enter and exit the OVAL through the OVAL outdoor archway.

Spectator Information:

We encourage only one adult parent/guardian to attend sessions with your skater to limit number of spectators on site. Spectators are allowed to stay during class and asked to remain socially distanced from others, including the class, while onsite.

Basic Cleaning Information:

High contact surfaces will be sanitized on a regular basis throughout the facility.

Facial Covering Information:

Masks are *NOT* required when participants are outdoors or while participating in an athletic program. In the event of bad weather, class will be moved indoors into our banquet room space or OVAL lobby. At that time, in accordance with the MDH recommendation for Youth Programs that contain children under the age of 12, masks *WILL* be required at that time, when moved indoors for this program.

It is important to note that all Roseville Parks and Recreation programs have been planned, developed and conducted following the Center for Disease Control (CDC) and MDH guidelines for social distancing in Recreational Programs. Please be aware there is some risk of participating in any activity during the pandemic. Even though we are working to provide as safe as an environment as possible, 100% mitigation cannot be guaranteed for any activity.
