

DIBS for the 20-21 season for 10U / Squirt and up

We know it isn't always easy for parents to try to juggle multiple kids, multiple sports, work responsibilities, a home and DIBS. However, this program does keep program costs down and offers opportunities for more people to be engaged with GRAHA.

We thank you for your commitment to the players and our program.

This year's DIBS are 9 per player and checks were collected for \$360.00 per player.

DIBS basics:

1. The Dibs program is for the 10U / Squirt players and up.
2. We have decided that it is right and fair to cover 2 coaches Dibs shifts per team for 1 player.
So coaches (again, only 2 coaches per team) if you have 2 players and coach one team, your 9 Dibs are covered for the one team and your family is still responsible for the other 9 for the second player. Also, if you are a Mite coach and you have a Squirt, you still have to do 9 DIBS.
3. Our tournaments host 8 or 12 teams per weekend and they are 4 or 5 game guarantees. This is where most of our DIBS are needed. Regular season games do not count for DIBS. Again, regular season games do not count for DIBS.
4. Once your DIBS have been completed, your \$360 check will be destroyed.
5. DIBS are posted on the GRAHA website and the tab can be found on the top right hand side of the home page. Tournament DIBS are typically posted 30 days prior to the tournament.
6. If you are looking to pick up extra DIBS shifts, meaning beyond the 9 per player, you can not do so until the Wednesday before the tournament. This will give all families the opportunity to complete their DIBS. Again, no picking up extras until the Wednesday before the tournament.

If you have any questions please email Colleen at grhockey55744@yahoo.com or email any board member!
