

Dear DASC Adult Community Member,

At DASC, we pride ourselves for being proactive during these challenging times. Recently the “active” number of cases of COVID-19 have been spiking in South Dakota. As a result, Dakota Alliance will be making the following adjustment to the Safety Protocols we have in place for events conducted at the Sanford Fieldhouse. These changes are to be applied to any spectator attending a DASC Adult Soccer Community League match. We expect full cooperation in adhering to these changes. Any non-conformance to adherence may result in your team forfeiting your match for that evening. We hope that everyone understands the importance of supporting the safety protocols and keeping our ourselves playing, safe and on the field and out of the basement!

Beginning November 30th, anyone traveling to the Sanford Fieldhouse for a DASC Adult Soccer Community members will be expected to adhere to the following:

SANFORD FIELDHOUSE

- Players must wear masks into the Fieldhouse.
- Players can unmask when they take the field.
- **Spectators for the DASC Adult Soccer Community will not be allowed.** This will be revisited frequently and adjusted as needed
- After games, players will mask up until they are out of the Fieldhouse.

We appreciate your understanding and continued support of our Mission.

For the Good of the Game,

DASC Adult Soccer Community Committee
