

Hoopology University is proud to present its proud to present its 2021basketball opportunities in Shakopee.

Hoopology University has been providing basketball instruction to athletes throughout Minnesota for the past 22 years. We have worked with athletes who are just starting out the game all the way up to Division 1 college athletes. We will provide you with the fundamentals necessary to improve your game, as well as provide you with the tools to help yourself.

We set ourselves apart from other basketball training services in several ways. We provide small **group instruction with a low athlete to coach ratio** for our mini-camps. Our coaching staff is comprised of teachers that coach. We believe the best way to be an effective coach is to be able to teach the game of basketball. This approach has allowed Hoopology University to grow in the past several years to work with over 500 athletes each summer. *Any changes in locations and times will be posted on our website: www.hoopologyu.com. **LIMITED space Sign up Soon!***

ELITE Shooting Camp

Hoopology University has designed several shooting drills for this camp. **Our staff will assist each shooter to help them become more consistent with emphasis on rhythm and form.** Any type of shot that a player might attempt in a game has been incorporated into the drills we have designed. Shooting off the dribble, shooting off the pass, step back shots and pick and pop are just a few drills that they will learn during this 8-day camp. The **ELITE 1 on 1 camp** will focus on HOW and WHEN to use the skills you have learned.

** Must be a travel basketball player (4th grade exception) to sign up for any ELITE Camps!*
**ELITE Camps are capped at 25 players per court (2 courts) Boys & Girls on separate courts*

Competitive Ball Handling

Each ball handling session will focus on the athlete becoming a quicker and more efficient ball handler with an emphasis on strengthening the athlete's weaker hand. We have designed stationary drills, drills on the move, and drills with defenders. Repetition and competition will allow the athletes to become better throughout the summer.
