GYMNASIUM FLOORING

LEGAL

COMMUNICATIONS

Last summer, SYC President Chris Spera announced the exciting news that SYC is in the process of building out a new 67,300 square foot facility. We've moved into the new facility and enjoy the expanded office and warehouse space completed this past fall. We're now getting busy making our dream come true with Phase II - building a 32,000 square foot gymnasium with our own multipurpose courts and an indoor track.

We're thrilled to announce the team of partners who will help us with this exciting project – many of whom were already part of the SYC community.

KGO, Project Management

Lovelace Porter, Architect

Walsh Colucci, Legal

Dynamic Sports Construction, Inc., Gymnasium Flooring

Firestarter, Communications

We thank each firm for its partnership and can't wait to share progress updates with you in the coming weeks and months!
