Steel Power’s hockey-specific skating developmental classes will help you take your game to the next level by developing the No. 1 skill of the game.

***Program Focus***

Steel Power emphasizes, solidifies, and intensifies the basic hockey skating fundamentals as the lessons progress into high-level skills, which incorporate agility, lateral movement, speed, acceleration, reaction time, maneuverability, and edgework.

Strength and conditioning drills that emphasize leg and core strength, as well as flexibility, will challenge your discipline and competitiveness. You’ll be made more aware of your strengths, weaknesses and personal progress. Ultimately, Steel Power will help you to understand and utilize better skating techniques for today’s game.

***Equipment***

Full equipment, stick, and labeled water bottle are required for every class. Skaters should also have a piece of tape with their name affixed to the front of their helmet.
