

## DUPAGE STARS COVID-19 POLICY

The DuPage Stars Hockey Club is committed to providing a safe and healthy environment to all of our players, coaches, and families. We must undertake best efforts to mitigate the transmission of COVID-19 within our Club and the community. These efforts will not only require full cooperation from our entire community, but will also require flexibility as the circumstances surrounding COVID-19 are constantly changing.

Despite our best efforts, we cannot eliminate the risk that COVID-19 presents. If you have an underlying health condition or a specific health concern about participating in hockey this season, you should work with your health care provider to determine the best decision for your family.

Please review the following policies regarding COVID-19 that will be in effect for the 2020-2021 season. In the event that any of this information changes, we will notify all members at the email address registered to your SportsEngine account and via a message on our website.

### Positive Tests - Quarantine - Notification

- In the event that you, your player, or someone you live with tests positive for COVID-19, you must notify the Club. In addition to informing your head coach, please email [covid19@dupagestarshockey.com](mailto:covid19@dupagestarshockey.com). The Hockey Director, Club President, and Club Treasurer will confidentially monitor this email.
- If a player or coach tests positive for COVID-19, that individual must quarantine themselves away from all Stars-related events in compliance with the guidelines set forth by the CDC (<https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/end-home-isolation.html>). Said player or coach may return when they have received a negative test and a letter of release from a physician clearing the player or coach to return to sports and recreation.
- If a family member of a player or coach who resides in the same home as the player or coach tests positive for COVID-19, that player or coach must be quarantined until the incubation period has passed, and they can provide a negative test after the incubation period.
- If a player or coach tests positive, we will notify all team members. Team members then must follow the advice of their respective health care professionals to determine exposure risk and any quarantine requirements. If you were within “close contact” of the infected person as defined by the CDC, you must quarantine and be tested for COVID-19 before returning.

Coming to the Rink:

Before coming to the Darien Sportsplex, please complete the questionnaire at the following link:

<http://www.darienparks.com/pdf/dpd-Phase4-park-district-questionnaire.pdf>.

At The Rink:

- EVERYONE inside the Darien Sportsplex that is not ACTIVELY ON THE ICE must wear a mask. This means that if you are a player entering/exiting the building or using the locker room, you must be wearing a mask.
- Teams are strongly encouraged to come dressed in their equipment as much as possible before arriving at the Sportsplex to limit the amount of time spent in the locker room together. We will start the year with locker rooms closed. **IF LOCKER ROOMS ARE USED, YOU MUST WEAR A MASK AT ALL TIMES IN THE LOCKER ROOM.**
- Players should arrive no sooner than 15 minutes before their scheduled event and are encouraged to leave the premises within 15 minutes after their scheduled event is complete.
- No gatherings are allowed in the lobby before, during, or after scheduled events.
- Do not share towels, water bottles, or other personal items.
- Regularly wash hands and use hand sanitizer before and after practices/games.
- One spectator per player is allowed in the facility, wearing a face covering, while that player is participating in their activity.

Also, please see <http://www.darienparks.com/pdf/dpd-phase4-splex-9-3-20.pdf>.

Failure to follow these guidelines will result in the inability to participate in Stars-related activities.

This policy is subject to change.
