

## **HESS ICE RINK COVID-19 GUIDELINES**

- Enter through the new entrance on the North side of the New Locker Room Building.
- Face Masks are recommended, except for players and coaches when they are on the ice.
- Any player, parent or visitor that is ill, has a cough or fever, or has trouble breathing stay home.
- Social distancing must be observed as much as practical. Please keep 6 feet away from others.
- Cover coughs and sneezes. Please wash hands frequently and use hand sanitizer located in multiple areas of the rink.
- We recommend that players not show up for their ice session earlier than 30 minutes prior to the scheduled start time. Players should show up at the rink dressed as much as possible, thus minimizing time in the locker room and congregating.
- At the end of each ice session, players should undress and exit the locker room and the building within 15 minutes when possible.
- Upon conclusion of ice session, exit into the rear parking lot on the West side or Northwest side of the New Locker Room Building. (There are 3 exit points)
- Only 2 guests permitted in the building per player. Our occupancy allowed is 150. More than 2 guests per player will exceed our limit.
- Players and guests arriving for next game need to remain outside of facility until parents and players from prior game exit the building.
- Follow social distancing and other CDC COVID-19 guidelines when possible inside the facility.
- Absolutely NO parents permitted in the locker room side of the rink unless properly credentialed.
