All Teams must be registered Tier II and certified by the SAHOF Associate Registrar or designee. All players must be registered with USA Hockey, certified by the SAHOF Associate Registrar or designee, and are eligible for the SAHOF State Championships ("SSC") with one team only. All players must appear on the roster of that team on or before December 31 of the current playing season.

Required individual and team game counts must be completed prior to the beginning of the "SSC".

Foreign players must have proper documentation, such as an Alien Registration Receipt Card I-151 or I-551, Immigration Card or I-94 Card. Contact your USA Hockey Associate Registrar for more information. SAHOF Associate Registrar Cindy Friedman (954) 752-3889 [cin24k@aol.com](mailto:cin24k@aol.com)

### **Coaching Requirements:**

All Head and Assistant coaches must have the USA Hockey required minimum level of Coaching Certification, and have completed their appropriate Coaching Module to participate in the State Tournament and must have a valid coaching card. All coaches must be on the team's Official 1-T Roster in good standing in order to be on the bench.

*(Refer to USA Hockey Annual Guide for a complete listing of the Coaching Education Levels).*

Proof of Coaching Certification will be required and must be presented at 1<sup>st</sup> game check-in.

**All problems with Coaching Education Program cards must be settled with local SAHOF ACE Directors and Association Coaching Program Directors prior to your arrival at the "SSC".**

### **Credentials:**

A copy of your USA Hockey Certified Roster (1-T) and a completed Credentials verification form (Form 1-C) (pre-printed Credentials Verification Form should be obtained from your organization's registrar) must be reviewed prior to the first game of the "SSC" during on-site check-in. A representative from the team should contact the tournament committee at [tournament@sahofhockey.org](mailto:tournament@sahofhockey.org) to ensure they have all the necessary forms should there be any questions.

Team representatives must be prepared to turn over their books upon on-site check-in. Books may be inspected at any time during the "SSC". Any questions concerning credentials should be addressed to the tournament committee before the tournament. **All questions raised during the credentials process must be resolved prior to the start of that team's first game. Each team is required to have the following items in their books and available for inspection (failure to have books in order can result in forfeiture of games):**

I. All materials must be in a three-ring binder.

II. It is suggested that each item be placed inside a sheet protector. *If sheet protectors are used, all documents must be able to be viewed without removing - maximum of two 1-sided documents placed back to back, or one 2-sided document per sheet protector.*

Two (2) points for a win, one (1) point for a tie, and zero (0) points for a loss.

### **Tiebreaker Rules:**

If two or more teams have an equal number of points, their position in the standings shall be determined by the following tie breaking rules listed below. If at any point during the application of the tie-breaking rules, a team can be seeded higher or lower than other teams that remain tied, the seeded team will be placed in their position in the standings, and the tie-breaker process will begin again at Step 1. The tie-breaker rules are as follows:

1. The results of only the head-to-head games played between the tied teams in the following order (if all tied teams did not play all other tied teams an equal number of times, skip to Step 2):
  - a. Most points earned.
  - b. Most total wins (whether in regulation, overtime and shootout).
  - c. Most regulation wins.
  - d. Differential — Subtracting goals scored against from goals scored in these games, the positions being determined in order of the greatest surplus.
  - e. Quotient — Dividing the goals scored in these games by the goals scored against, the positions being determined in order of the greatest quotient. A quotient involving dividing by zero (0) has higher standing than a quotient from dividing by any number other than zero. Where two or more teams have no goals against and the quotient tie breaker is required, the teams shall be ranked high to low in descending order of “goals for.”
  - f. Most periods won — In the games played by each tied team, points will be awarded for each regulation period won (2 points) and for each regulation period tied (1 point). Positions shall be in the order of highest point total.
2. If after applying the formulas of 1 a, b, c, d, e or f the tie still exists, the results of all the games played by the tied teams in the following order.
  - a. Most total wins (whether in regulation, overtime and shootout).
  - b. Most regulation wins
  - c. Differential — Subtracting goals scored against from goals scored in these games, the positions being determined in order of the greatest surplus.
  - d. Quotient — Dividing the goals scored in these games by the goals scored against, the positions being determined in order of the greatest quotient. A quotient involving dividing by zero (0) has higher standing than a quotient from dividing by any number other than zero. Where two or more teams have no goals against and the quotient tiebreaker is required, the teams shall be ranked high to low in descending order of “goals for.”
  - e. Most periods won — In the games played by each tied team, points will be awarded for each regulation period won (2 points) and for each regulation period tied (1 point). Positions shall be in the order of highest point total.
3. If after applying the formulas of 1 and 2 above the tie still exists, the results of all the games played by the tied teams in the following order.
  - a. Least Majors, Misconducts and Matches – In all round robin games, the team with the fewest sum total of Major penalties + Misconducts + Game Misconducts + Match Penalties.
  - b. Quickest first goal — The team that scored the quickest goal in their preliminary round games shall be ranked highest. The quickest goal is measured as the amount of time played before the team scores for the first time in the tournament.

\*If a team forfeits **any** of its games in the round robin play, all its games will be recorded as 1-0 victories for the non-offending teams, but the team must continue play according to SAHOF Rules & Regulations.

Playoff games may show “Low” or “High” Quarter-Final Winner or Semi-Final Winner. The “Low” or “High” refers to the seeding from round robin results of this event. It does not refer to regular season standings.
