March 21, 2020

To All Heads of Programs

USA Hockey conducted two conference calls today that are relevant to your program. First, the National office will facilitate background screening beginning Wednesday, 4/1/2020. Mid Am screening is now on hold until 4/1/20. The national vendor is NCSI, the same vendor we currently use. Please refer to our website next week for details of screening application submissions.

The second conference call related to the cancelled National Championships as well as try-out camps. No possibility exists for national championships to be rescheduled for this year.

Current information is that all try-out camps throughout the U.S. have been or are being cancelled and the selection of players for Player Developmental Camp will be made by national office staff. Age groups that will participate/compete are **Girls 18U** and **16**, and **17 Boys**. Sled camp is "fluid" and no final decision has been made. Any payments made for Mid Am try-outs will be returned in the same fashion received (i.e. credit card). We are all-volunteer so please be patient.

All USA Hockey sanctioned activities (i.e. try outs, tournaments, camps, etc.) are canceled until further notice. Please review the Midam website for additional and/or updated information.
