Hello Spartan baseball families. Like everything right now, the uncertainty of how the upcoming baseball season might play out is still unknown. Trust us when we say we are doing everything possible to get our players and families back out on the baseball field, keeping our Spartan families safety our top priority. With the talk of an extension to the school district closure we are uncertain on how this may continue to effect our season. As of now we have no new updates or news since the last email from our new SYB President, Derrick Draper. Below are a few key takeaways in case you missed it.

Here is what we know as of now:

1. Parent Meeting is postponed, new date and time TBD
2. Mandatory coaches meeting postponed, new date and time TBD
3. Field day is postponed, new date and time TBD
4. Picture Day/Raffle turn in has been rescheduled to May 17th (pending extended school closures)

As you can see a majority of these dates and times have not been set due to the school/facility closures and uncertainty around further extensions. We have no plans or control over a start date for our program at this time due to school district closures and state mandated guidelines.

We recognize and respect that even though we may have a season, not all of you may still want to participate. If that is case for you and your family we ask that you please contact us to discuss further options moving forward.
