

Phase 3 Guidelines

Begin Monday, July 6th

As Virginia moves into Phase 3 of its reopening, we have made slight modifications to our guidelines.

General Guidelines

Temporary exits will remain in place throughout this phase. Prior to visiting, please take note of which rink your event is scheduled.

NHL Rink – Please exit through the emergency double doors.

OLY Rink – Please exit through the double doors in the mezzanine.

Doors to the facility will remain closed until 10-15 (depending on activity) minutes prior to the start of an activity.

All individuals entering the facility will be required to use hand sanitizer and undergo a health screening before entering the facility, including having their temperature measured by a no contact thermometer. Individuals who are symptomatic will not be permitted access to the facility.

Face coverings are mandatory in the facility. They may be removed when on the ice.

One (1) parent/guardian per family may accompany their skater(s) into the building. Siblings and other spectators are not permitted. We request parents/guardians entering the building remain in the building until their skater has completed their session. If you choose to leave, we reserve the right to refuse reentry.

Skaters must arrive ready to skate and may only enter the building 10 minutes before their scheduled program start-time. Benches and matting will be set-up outside each entrance to allow customers to tie skates prior to entering the facility. Before entering the building, skaters should be fully dressed to get on the ice.

Upon the conclusion of an activity, skaters have 10 minutes to leave the facility. Please exit at the time and path designated so we can minimize contact between customers.

For Reston Raiders Games – Locker Rooms will not be available for 8U – 16U Players. All players must come to Skatequest, ready to play (minus skates, helmets, & gloves). There will be areas near each rink entrance to allow for players to put on and tie their skates. Goalies should arrive with undergarments and pants on and will be able to put on skates and leg pads in the designated area. 18U and 19U Girls teams will be permitted to use the lockers rooms, but must

follow social distancing guidelines and wear masks until ready to go on the ice. Players must change as quickly as possible following games and exit locker rooms with masks on.

Locker rooms, benches, and bleachers are all marked with a blue "X" to ensure proper social distancing procedures.

Showers, water fountains, vending and arcade machines will be off-limits.

Gaps in the schedule remain to allow skaters to enter and exit the ice in a manner that limits potential exposure.

Beginning Monday, July 6th

Please use social distancing markers when visiting the Pro Shop and Café.

Pro Shop

Monday – Friday 9am-7pm

Saturday 9am-12pm

Skate and Gear Fittings – Appointments preferred

Café

Monday-Friday 11am-6pm

Saturday 9am-12pm

The health and safety of our customers and staff remains our top priority. As we allow more customers to enter the building, we will continue to keep SkateQuest the cleanest facility in the area.

Thank you for your continued support!
