Program Goals: Our K-M Wrestling Program is dedicated to support and promote excellence in our wrestling community. We believe the sport of wrestling teaches important life lessons of self-discipline, determination, and perseverance. Above all else, our goal is to instill in each wrestler a strong work ethic to be successful both on the mat and in life. This goal is achieved through providing the wrestlers with year round training opportunities, maintaining adequate practice facilities, and supporting our coaching staff.

Fundraising goals: With any competitive sports team, there are many expenses associated with providing an excellent program to our wrestlers. Our goal is to attain enough funds to offset the financial demands of the operating a top-notch wrestling program and continue to grow the sport of wrestling in our community. With the help of our sponsors, such as yourself or your business, we can meet or exceed our goals for the upcoming wrestling season.
