

### **Minneapolis Storm 12U-A Head Coach**

Minneapolis Storm Hockey Association is actively searching for a head coach for its girls 12U-A team for next year's 2019-20 Season. Qualified candidates should have at least 1-3 years of head coaching experience and embrace Storm's core values of Teamwork, Respect and Fun. If a head coaching candidate has qualified assistant coaching candidates as well, they will all be strongly considered. Individuals who do not have assistant candidates should have a proven track record of successfully working with volunteer parent assistant coaches. If you are interested, please contact Girls Program Director J. Forrest ([jforrest@mplshockey.com](mailto:jforrest@mplshockey.com)) and Vice President of Hockey Peter Nelson ([pnelson@mplshockey.com](mailto:pnelson@mplshockey.com)) for more information.

### **Ice, Shooting and Facilities**

At this level, we typically get 5-6 practices and/or games per week. Throughout the Storm program, we have access to dryland facilities as well as a shooting and stickhandling facility. Our tryouts will occur in early October and District 3 play will begin in early November and conclude by late February. Our primary ice facilities are Parade Ice Garden and Northeast Ice Arena. We also have home ice at Minnehaha, Breck and Richfield amongst others.

### **2019-2020 Minneapolis Hockey**

The upcoming season promises to be memorable. Mpls Storm will be one of four hosts for Hockey Day Minnesota in January 2020. Our early projections for 12U are that we will have 1 – A level team and 1 – B level team.
