3	St Louis Blues	22	12	9	1	25	119	109	545
4	Ice Age	22	3	18	1	7	75	129	136

Note: These are the official standings and may vary slightly from the version posted on the KCIC website.

Every team captain should verify that their team record is accurate - some scores could have been reversed.

Playoff seeding procedure:

- 1) Total points
- 2) head to head record (if two teams are tied)
- 3) If 3 or more teams have the same record - and one team has beaten the two other, then that will determine the top seeding if not then the best goal differential will be used to break the tie.

For example: A beat B and C - then A is the higher seed
A beats B - B beats C - C beats A - team with the best goal differential is the higher seed.

- 4) If a team plays fewer games - winning percentage will be used to determine their playoff seeding

Finally - the league commissioner (at his discretion) will arbitrarily decide the playoff seeding!
