Teamwork Keeps “Our Ice” Clean

The season is underway and “Our Ice” is looking great!

HHHA’s “Our Ice” campaign is new this season, and allows everyone the opportunity to pitch in and help keep our facilities clean.

Each week a different team is assigned the responsibility of cleaning and caring for our rinks.

Not only has this initiative been a huge

success, but teammates, parents, coaches and families have found cleaning together to be a great bonding experience.

All HHA members should feel proud of our facilities and the group effort it takes to keep our program running smoothly.

Thanks to all the teams who have already participated and all who make our program and our rinks a source of pride.

Coaching Mentors

This year, HHA has implemented a coaching mentorship program across all levels.

Coaching mentors, Dean Talafous and Karyn Bye, have been visiting teams this season and providing some assistance.

This program was started as a way to continuously improve HHA’s coaching and player development program and to provide support during the season to our coaching staff.

HHHA wants to emphasize the importance of skill development using the ADM model that USA Hockey provides for all levels.

As this is a new program, HHA is requesting input from our coaches on how the process can be improved moving forward year after year.

Volunteering Together

This holiday season, several of our HHA teams have been spreading cheer and volunteering throughout our community.

Here are some pictures of our teams bell ringing, helping with the backpack program, and packing meals for Feed My Starving Children.

U15 Shootout at the Wild Game

On November 30, HHA's U15 team participated in a shootout between the first and second period of the Minnesota Wild game. Over 460 HHA members attended the Wild game to cheer on our girls.

Mite Jersey Sponsors

HHA is grateful to the three organizations who have sponsored the new mite jerseys. Let's learn a little more about these companies and their generosity.

Lifelong Weath (LLW) is a team of dedicated financial professionals who offer decades of experience and knowledge helping clients prepare and protect their financial future through various life stages.

The company's independence allows it to approach clients' needs from a planning perspective with objective advice, per-

sonalized strategies, real solutions, and a range of investments to meet those needs.

Company partners recognize the importance youth sports played in their own lives and are vested in the community of Hudson and its youth.

Stone & Leaf Landscaping

develops landscapes people can enjoy with their family and friends. Stone & Leaf Landscaping provides a high quality of service, professionalism and a personalized and local approach to your landscape. Most recently, Stone & Leaf Landscaping added a retail location in Somerset, which provides quality landscape supply items to its service and retail customers.

Vallis Advisors

Vallis Advisors is a comprehensive financial planning team practice located in Hudson.

The company focuses on being a resource for clients in the

areas of Accumulation strategies, Retirement planning, Tax planning/preparation, and Legacy planning.

The three founders all grew up in St. Croix County and being involved and giving back to our communities is a value of the firm.

UWRF Hosts Bantam B

HHA's Bantam B team had the unique opportunity to be hosted by The University of Wisconsin River Falls hockey team. Bantam B attended a UWRF Falcons game, got a tour of the facility and met the team in the locker room after the game.

Skate During Winter Break

School may be closed, but the rinks are open with several opportunities to skate during winter break. An ice monitor will be added for the Open Hockey sessions. A money collector and ice monitor will also be available during Open Skate. Please see the schedule below for Open Hockey and Open Skate sessions during winter break.
