Photographer (Varsity & JV):

Ideally, we'd like a dedicated individual to both the Varsity and JV teams to take photos at all games. If we are unable to get one photographer each for Varsity and JV, we will split this role and have 2-3 people per team share the role throughout the season. This involves taking photos at home and away games, and then uploading the pictures to a pre-selected website (tbd) where the link can be shared with parents/players.

Videographer (Varsity & JV):

Ideally, we'd like a dedicated individual to both the Varsity and JV teams to video all games. However, we will set up a team of individuals if we cannot find someone who can commit to filming all games. We do have access to a new camera. If interested please see Andrea Anderson and we will get you on board to learn the camera.

Locker Posters:

The school has very specific guidelines for how lockers can be decorated. We have gone to a professional photographer whom will create the locker posters for each player. Once the players have their uniforms a date will be set with the BK to have the photos taken in the cafeteria. If interested in assisting with the set up and organization of the posters please see Melissa Wolfe. When the decoration panels are complete and ready, the school will physically hang them on the locker of each player.

Senior Day & Year End Banquet:

Please see Stephanie Dahl's as she will be looking for a team of individuals to coordinate all activities around Senior Day and the end of season banquet.

Distribution, Collection and Cleaning of Uniforms (Varsity & JV):

Please see Liz Keating. Varsity and JV teams will turn their uniforms into Liz Keating at the end of the season. She will need volunteers to assist in the distribution at the beginning of the season along with collection and cleaning at the end of the season. All uniforms are to be washed and hung dry after every game and prepare for the next game.
