

2025 PK-K In House Coach Pitch Rule Amendments

The focus of PK-K Coach Pitch games is to introduce kids to the game of softball, have fun, and learn the importance of sportsmanship and teamwork.

- All players in the lineup will hit each inning
- Players will receive 6 pitches from the coach. If not hit into fair territory, players will hit off the tee until it is hit into fair play. If a player has attempted 2 times off the tee without hitting the ball in fair territory, a coach will assist the player to keep the game moving.
- If a player is out at a base or from a tag, they will remain on the base prior to the mid-season tourney. After mid-season tourney, players will be asked to return to the bench and will not continue running the bases so they learn the concept of an out. However, no outs are recorded -- players will hit the lineup.
- Temporary bases will be placed at 45 ft for this age level to make the field smaller.
- All players will rotate to different positions of the field each inning throughout the season. Positions will include P, 1B, 2B, 3B, SS, LF, CF, RF position. Infielders should play ahead of the 45ft baseline and outfielders lined up in the gaps at 60 ft (in the dirt).
- All players should get an opportunity to play at 1B and P.
- Coaches will ensure equal playing time at all positions of the field.
- Games will not extend past the scheduled end time. If a team finishes batting with less than 5 minutes remaining, the game has concluded. If a game hits the 60 minute mark, the game is over immediately to ensure the next game starts on time.
