

## Volunteer Hours

Every family has to complete 8 hours of volunteer hours for each season they participate; 8 hours for winter season; 8 hours for summer season; or 16 hours for both seasons.

The volunteer hours are based on a calendar year, running January 1 through December 31 of any given calendar year. The hours WILL NOT carry over from one year into another year if you exceed the number of required hours.

The hours are the same per family, with no bearing on how many children are playing.

If you do not complete the required volunteer hours, you will be electronically billed \$200 after December 31 by the competitive coordinator.
