Brief History of MSK Black Belt Symposium

The Moo Sul Kwan Black Belt Symposium began in 1995, and was designed to be an *expo-like* weekend devoted solely to the training of our upper belts and instructors.

Over the years, the MSK Black Belt Symposium has taken place at wonderful places like The Vintage, Copper Mountain, Breckenridge, Colorado Springs, Snow Mountain Ranch, and others. This year we will train at the Inn at SilverCreek in Granby, Colorado.

Symposium participants strengthen the Moo Sul Kwan techniques and strategies with hard work and top focus throughout the weekend. Development of CTI teaching and leading concepts also takes place. In addition to the many excellent classes there are special Symposium events for everyone.

Visit our website! You'll always find something new, like this photograph from last year's MSK Black Belt Symposium.
