This policy will not apply for any individual athlete or team required to self-isolate or quarantine due to COVID-19 for any amount of time and those practices and/or tournaments missed during that time. In the event an individual or team is in that situation, Capital Volleyball Club (CVC) will make best efforts to find alternate tournaments and/or opportunities for play on a case-by-case basis. Additionally, this policy will not apply for any individual athlete or team not completing the CVC volleyball season for any reason other than an action by CVC due to COVID-19.

In determining the amount of a player's fees that are "unused", CVC will review all known and documented expenses for CVC as a whole and for the athlete's specific team.
