## River Run Park Utilization Projections for Spring 2026

Expected regular season games based on 2025 registration numbers.

Age Group	2025 Games	Est 2026 Games
Coach Pitch: 5u through 8u	313	315
Kid Pitch 9u through 12u	208	210

There are 15 Field Nights per week on the 5 youth fields (Excluding Fridays). For Fall 2025, that worked out to about 9 FN for WBA and 6 for baseball. (Softball was originally scheduled for 8 FN/week but released some back prior to the season.)

Using the same fall field distribution between WBA and softball (9 FN for WBA, 6 for Softball), we can play the following number of games at each location:

	<u>Needed</u>	<u>River Run (%)</u>	<u>Kentuck Saturdays (%)</u>	<u>Kentuck Nights (%)</u>
Coach Pitch (5u-8u)	315	54 (17%)	96 (31%)	165 (52%)
Kid Pitch (9u-12u)	210	72 (34%)	70 (33%)	68 (32%)
<b>Total</b>	<b>525</b>	<b>126 (24%)</b>	<b>166 (32%)</b>	<b>233 (44%)</b>

The following chart shows how the RRP game numbers can be increased under different usage cases:

RRP Youth Fields Only	Default from Fall (9 FN)	10 FN (2x kids in WBA)	Add 2 Fridays (Non-Tournament Weekends)	Add 6 Fridays (All weekends but youth fields only)
Coach Pitch	54 (17%)	+ 18 (+6%)	+18 (+6%)	+54 (17%)
Kid Pitch	72 (34%)	-	+8 (+4%)	+12 (+6%)
<b>Total</b>	<b>126 (24%)</b>	<b>+18 (+3%)</b>	<b>+26 (+5%)</b>	<b>+66 (+13%)</b>

## River Run Park - High School Field Utilization

The ability to use at least two of the HS fields for coach pitch (or softball) would nearly triple the number of games that could be played at RRP for those age groups.

The following charge shows the capacity of the High School fields which is unusable without regular (at least weekly) setup in terms of fencing or moving the mound.

<u>Field</u>	<u>Potential Games</u>	<u>Needed for Utilization</u>
RRP 2 (College)	36 Kid Pitch	Mound (Re)moved + Fence Positioned
RRP 3	36 Kid Pitch, 54 Coach Pitch	Mound (Re)moved + Fence Positioned
RRP 4	54 Coach Pitch	Mound Removed
RRP 9	54 Coach Pitch	Mound Removed

\*All ages would require the mound to be either moved or removed. 7u and older would require temporary fencing to be usable.

### Notes:

1. All ages would require the mound to be either moved or removed. 7u and older would require temporary fencing to be usable.
2. Coach pitch games includes T-ball, which would otherwise be played entirely at the old park due to capacity constraints.
3. Younger softball ages (6u and 8u) would likely be able to utilize these fields without any fencing and with no mound
4. WBA intends to utilize 2 HS fields beginning May 1 for our middle school and high school age leagues. Those games would not require any setup.
