I have been involved in the sport of volleyball since my youth, growing up in South Florida. I moved to South Carolina in 1989 and began coaching volleyball in 1994 in Spartanburg, SC. I have now been coaching for 31 years. Over the years, I have coached at many different levels:

High School: Spartanburg HS, Dorman HS, Eastside HS

Club: Club South, Axis Elite Volleyball Academy, Xcel Volleyball Performance, Stars Carolinas

Collegiate: Wofford College, USC Upstate

Along with my coaching experience, I have also served as a tournament director and coordinator. Additionally, I have spent the last decade building and administering tournaments within the Advanced Event Systems platform, which many events utilize to provide real-time results.

Throughout my career, I have had the honor of coaching every age group—from developmental athletes to elite competitors. I have helped more than 40 athletes achieve All-American status, guided multiple teams to top-five national finishes, and won an AAU National Championship in 2023. Earlier in my career, I also contributed to Dorman High School's program, helping the team secure two of its many state championships.

More important than the accomplishments themselves is my passion for volleyball, which I believe is the greatest game ever invented. I have had the privilege of watching the sport grow and evolve in South Carolina and, at times, contributing to that growth. I have built strong, longstanding relationships with coaches and club directors across the region, and I believe my experience, knowledge, and dedication would allow me to be an asset not only to the board of directors but to the sport as a whole and to all of its participants in our state. I would welcome the opportunity to serve and would be humbled if selected.

I am currently working as a Systems Administrator and IT Infrastructure Manager at Kopis, LLC in Greenville, SC. I have been in the IT field for approximately 15 years and find the work rewarding. I reside in Simpsonville, SC with my wife and son, who is also beginning his volleyball journey this season.

Thank you for your consideration, and please feel free to reach out if you have any questions.

Sincerely,

Sean Fitzgerald
