4. The BGBB has pending expenses to Bucks, Subway, trainers, janitors and gym space. There were also other food/candy charges for concessions and a wash station. Total revenue will be known after these expenses have been paid and accounted for.

Coach Stewart's Report:

1. Nichole Wishart and Coach Stewart proposed adding a strength camp during the summer girls basketball training program. High school players would have strength and conditioning right after the morning practice and 7th and 8th graders would go right after the high school players. The suggested cost of the strength training would be no more than \$6000 to pay for these outside trainers. Nichole Wishart compared costs of other training facilities to come up with a projected amount. It was suggested that the BGBB fund the cost for the first year to kick the program off and re-evaluate next fall.
2. Nichole Bjerke made 1st motion to higher strength trainers for the summer strength training program for up to \$6000 for 7-12th grade, 2nd Jonathan Feekes, and motion approved.
3. Coach Stewart will be doing the banquet March 24 at 6:00pm at Huikko's.

Old Business:

1. There was no old business discussed at this time.

New:

1. The BGBB will do traveling spring basketball for all grades that have enough interest. \$125 each player for 4 tournaments. As of now we don't have the numbers for each grade. It would start after Spring Break.
