

# Tryout Instructions

**PLEASE READ THIS ALL THE WAY THROUGH BEFORE TAKING ACTION**

**Here's what you need to do to register for tryouts:**

1. Make sure you are registered for the current year with USAV (**registration link on the moltenvbc.org website**) and download a copy of the card to bring with you to tryouts.
2. Have your credit card info available to pay the \$20 tryout fee online.

After you have all the information ready, then go to the **registration link on the moltenvbc.org website** and follow the prompts through the system.

Near the end, you will be asked to **PRINT OUT and complete the forms to bring with you to the tryouts:**

- **Medical Release**
- **Concussion**
- **Safe Sport form**
- **COVID-19 Release**

Complete the registration and pay the tryout fee.

**PLEASE MAKE SURE YOU HAVE REGISTERED ONLINE  
SEVERAL DAYS BEFORE COMING TO THE TRYOUTS  
so we have you on our list when you come to tryouts**

You will also need to bring:

- **Copy of your USAV card for the current year**
- **Birth certificate (if you are new to Molten Volleyball Club)**
- **Checkbook or cash for commitment fee at the end of tryouts to secure your player's spot on the team**

**On the day of the tryouts:**

- If the player did not attend any of the Open House/Gym sessions leading up to the tryouts for the current season, the parent will need to sign a waiver for them to get on the court. You can download that on the website.
- When you check in, go to the line that matches the players current age. Although your player may end up playing on a different team, they need to get the colored tag that corresponds with their age.
- You will hand in the forms you have downloaded, filled out and signed (Medical, Concussion, SafeSport and COVID-19 Release), a copy of your USAV card, and birth certificate (if new to Molten) as well as the waiver to get on the gym floor if needed.
- As you check in, your player will be handed a number with the color assigned to their age group. Please pin them to your player's back in a place that doesn't interfere with their arm swings. The players will be moved around to different groups during the tryouts but need to have the designated age-appropriate number for the coaches to see.

- **Parents need to come to the mandatory parent meeting.** Each year, things change a bit, so even if you have been with Molten before, we need at least one parent for each player there.
- If your player makes a team, the commitment fee will be collected at the end of the tryouts. This will hold the player's position on the team. If the fee is not paid that day, then the position is not secure. These payments are not made online, so **bring a check or cash for this payment.** The additional scheduled payments for the club may be made online with debit or credit cards after this initial commitment fee.
- While the parent is paying the commitment fee and returning the player's number, the player will be trying on uniforms and reporting their sizes.
- Go to your app store and get the **free "sports engine" app.** This will be used to communicate practice and tournament information, and any other important information to the players and parents. It also has a group chat feature so you can coordinate information for the tournaments, connect with other parents, etc.
- **You will be able to connect to your player's team on the app after rostering has been completed by Molten Volleyball Club, which is usually within a week after tryouts.**
