

TOURNAMENT SCORING

IMMEDIATELY following your game, please log in with the information from your game sheet and enter the score for your game (log in information below as well). If you can not log in to enter scores, please get your game sheet to a field volunteer or to the tournament headquarters for scores to be entered. Game sheets need to be turned in to headquarters (located at city park) within 15 minutes of your game ending so that card information can be logged and any discrepancies can be addressed. If you are unable to get game sheets to headquarters, please find a volunteer at the field you are at to turn them in. Any questions/concerns regarding scoring can be addressed with Susan at 972-989-6294 if you can not locate immediate help on your field.
