Dear IRONMAN® 70.3® Triathletes,

It’s been 10 years since we launched this great destination race and embarked on a journey that has brought countless of lifetime memories to all visitors and locals alike. From our BN SPORTS family and the entire IRONMAN 70.3 Team, we would like to welcome you to the 2020 IRONMAN 70.3 Puerto Rico!

Whether you are testing your endurance limits once again or visiting us for the first time, this will be one of the most beautiful 70.3 experiences you will participate in, while being on one of most challenging races you will ever compete in. However, please know that you will do so with the strong support of hundreds of volunteers that will make your race experience unforgettable.

The information contained in this Athlete Guide will assist you in successfully preparing for the event. Please review all the materials thoroughly, so that you will be knowledgeable and up to date on all race related details. Also, be reminded that it is very important to attend the Athlete Briefings for any last-minute information that might be of importance to every participant.

Please know that this event is particularly spectator friendly, and it’s virtually a guarantee that athletes and their families will encounter enthusiastic fans who will encourage you along every part of the swim, bike and run course.

We would like to take this opportunity to thank the Puerto Rico Tourism Company (PRTC – Presenting Sponsor), our corporate sponsors, volunteers, police, government agencies and the City of San Juan for hosting this world-class event for the past decade. Without their continued support this event would not be possible.

On behalf of the entire BN SPORTS team, we wish you the best of luck on race day!

Sincerely,

BN SPORTS
With you until the finish line

IRONMAN
70.3®
Puerto Rico
A MESSAGE FROM THE HEAD REFEREE: Jimmy Riccitello

IRONMAN will operate under the “three strikes and you’re out” principle with respect to BLUE CARD violations. DRAFTING AND LITTERING are the only two violations that will result in a BLUE CARD violation and an athlete will incur a 5-minute time penalty (to be served in the closest penalty tent, located along the bike course). YELLOW CARD violations (30 seconds stop and go time penalty) also require an athlete to stop at the closest penalty tent location along the bike course. Any penalties incurred on the run course are to be served at the point of infraction. While YELLOW CARD violations will not count against your three strikes, IRONMAN Competition Rules still allow an athlete to be disqualified for repeated rule violations should an athlete receive excessive yellow card violations. So that you understand the rules on race day, please take the time to read and understand the rules in the Athlete Guide and the 2018 IRONMAN Competition Rules.

The position violations are summarized:

- Always ride on the right side of your lane to avoid an ILLEGAL POSITION or BLOCKING call.
- Keep six bike lengths of clear space between your bike’s front wheel and the rear wheel of the cyclist in front of you to avoid a DRAFTING call.
- Always pass on the left of the cyclist in front of you; Never on the right to avoid an ILLEGAL PASS call. Complete your pass within 25 seconds to avoid a DRAFTING call.
- Passed athletes must be seen making immediate and constant rear progress out of the drafting zone to avoid a DRAFTING call.
- Do not use any device that will distract you from paying full attention to your surroundings. Using a device in a distracting manner will result in disqualification.

Triathlon is an individual event, and it is your responsibility to fully understand the rules and avoid penalties. The referee’s ruling is final in the case of POSITION violations, and there are no protests or appeals. Other common violations include:

**Helmet Chinstrap:**
Your chinstrap must be securely fastened whenever you are on your bike on race day.

**Race Number:**
You must wear your bib number during the run portion of the race. In addition, your bike frame sticker must be properly attached to your bike frame and must be visible from both sides.

**Littering:**
Do not throw ANYTHING outside of official aid stations. Littering will result in a BLUE CARD violation, which is a five minute time penalty.

**Unauthorized Equipment:**
Sorry, absolutely NO communication devices, MP3 players or other audio devices. (Yes, that means NO cell phones).

**Outside Assistance:**
Non-racers may NOT ride or run alongside you.

**Time Penalties:**
Remember that even though DRAFTING and LITTERING are the only violations that incur a five minute time penalty, you must go to a penalty tent for any violation to have your number marked, and all violations count toward your three strikes. There will be no penalty tents on the run. If you are penalized on the run, the official will mark your number on the spot.

Please treat other athletes, all volunteers, and your referees with courtesy and consideration. Not doing so is unsportsmanlike conduct and may result in disqualification. I sincerely hope you have a great race and achieve all your goals.

COURSE DESCRIPTION
Participants will swim 1.2 miles (1.9 km), which will be held in the protected waters of the Condado Lagoon. Spectators and Athletes will have a great view of the Swim Course from the San Juan Beach, the Dos Hermanos Bridge and the Caribe Hilton’s San Geronimo grounds. Water temperatures are expected to be around 78° Fahrenheit (26° Celsius). The transition between the swim and bike will take place in the Parque del Tercer Milenio, adjacent to the Caribe Hilton.

Practice Swim
Because the Condado Lagoon is a public lagoon that allows swimming throughout the week, an official practice swim will not be scheduled. You may swim within the lagoon at your own risk. As you would at any public swim area, please adhere to any water safety guidelines and do not swim out beyond the areas of the lagoon and never swim alone!

Swim Course Cut-Off Times:
• *7:36 a.m. Last Wave Start
• *8:46 a.m. Swim Course Closed

The swim course will close 1 hour and 10 minutes after the final wave start. Each athlete will have 1 hour and 10 minutes to complete the 1.2 mile swim. Individual athletes who take longer than 1 hour and 10 minutes to complete the swim will receive a DNF. IRONMAN officials reserve the right to pull athletes off the course who exceed any established course time cut-offs. *Estimated cut-off times are subject to change
Swim Course Rules and Instructions
1. Prior to leaving the Transition Area for the swim start on race morning, be sure your gear is placed neatly under your bicycle. Drop your morning clothes bag at the designated drop area outside of Swim Start. You cannot leave any loose gear at your bicycle rack once you begin the bicycle portion of the race.
2. Bring the swim cap and timing chip provided to you at athlete check-in to the swim start area. You will be called to the swim staging area beginning at 6:00 a.m. You will be required to cross a timing mat underneath the IRONMAN arch to complete the swim check-in process. A time penalty may be imposed on any athlete who is not at the swim start area ten minutes prior to the race start.
3. Wetsuits may be worn in water temperatures up to and including 76.1 degrees Fahrenheit (24.5 degrees Celsius). Athletes who choose to wear a wetsuit in water temperatures between 76.2 degrees Fahrenheit (24.55 degrees Celsius) and 83.8 degrees Fahrenheit (28.8 degrees Celsius) will not be eligible for Age Group Awards, including IRONMAN 70.3 World Championship slots or Rolldown slots, and will need to start the swim in the final wave:
   • Athletes choosing to wear a wetsuit if the water is above 76.1F, are required to let Athlete Services know of their choice before race start.
   • Athletes seen wearing neoprene on race morning and NOT starting in the final wave, will be directed to start in the final wave. If the athlete refuses, the results will be a DSQ.
Prohibited Wetsuit: De Soto Water Rover Wetsuits cannot measure more than 5 mm thick. Wetsuits will be prohibited in water temperatures greater than 28.8 degrees C/ 83.8 degrees F.
4. Wearing swim goggles is recommended but not required.
5. The use of a snorkel will be allowed provided the athlete has approval from the Head Referee prior to race start (or risk disqualification), and with the understanding that the athlete will not be eligible for Awards of any kind, including World Championship entry slots.
6. No individual paddlers or escorts allowed. Lifeguards, surfboards, kayaks and boats will adequately patrol the swim course.
7. Swimmers are required to stay on course, swim clockwise and keep course markers to the right. Failure to do so may result in disqualification.

Note: The swim course will close one hour and 10 minutes after EACH swim wave start. All athletes still in the water after the cut-off time will be disqualified and will not be permitted to continue on with the event.
8. If you find yourself in need of assistance during the swim, raise an arm overhead, pump it up and down and call or seek assistance from the water safety personnel. Any swimmer who receives assistance, whether voluntary or involuntary, must retire and withdraw from the remainder of the race, unless such assistance did not aid the swimmer in making forward progress. No swimmer shall return to the race if the official rendering assistance requests that the participant withdraws from the race or receive medical assistance.

9. The swim course will close 1 hour and 10 minutes after the final wave start. Each athlete will have 1 hour and 10 minutes to complete the 1.2 mile swim. Individual athletes and relay team members who take longer than 1 hour and 10 minutes to complete the swim will receive a DNF.

10. As you exit the water, you will cross timing mats on your way to Transition Area. Once inside transition, change into your bike gear (public nudity is prohibited).

11. Following the swim, volunteers will gather all morning clothes bags from the Swim Start and transport them to the finish for you to collect following the race. Any loose gear left inside Swim Start will not be collected for transport to Transition Area.

12. If any athlete decides to quit during the swim, the athlete needs to find an IRONMAN staff member and turn in their MultiSport Timing Tag. They may not continue on the Bike or Run.
In order to succeed we must first believe.

Bike Shipping
Tribike Transport ([www.tribiketransport.com](http://www.tribiketransport.com)) is the Official Bike Transport Service Provider. The bike pick-up/drop-off is at the Transition Area located on the West-side of the Sixto Escobar Stadium. For those athletes traveling and sending their bikes directly to our Official Local Bike Shops, you can coordinate directly with them at: [https://www.ironman.com/im703-puerto-rico-athletes](https://www.ironman.com/im703-puerto-rico-athletes). They will provide services to receive the Bike Box, do the installation and disassemble, as well as put back the bike back into the Bike Box.

Bike Tech Tips and Other Details
- Bike inspection is not mandatory and will not be provided at Transition check-in, although technicians will be available at the Expo. Athletes are ultimately responsible for the condition of their own bikes. Race officials may, at their discretion, make final judgment as to the soundness of each bicycle.
- Prior to mandatory bike check-in starting at 12:00 p.m. on Saturday March 14, be sure your bar-end plugs are in place and you have no loose spokes, brakes, headsets, stripped cables, etc. Adjust the hubs and position handlebars correctly. Ensure that cables and tires are in good condition and sew-up tires are glued properly onto the rims. Securely fasten all equipment you may carry with you on race day.
- To avoid an unexpected flat tire, wait until race morning to inflate your tires to their proper air pressure. While there will be a limited number of pumps available in the transition area on race morning, we recommend that you bring your own. You must give your pump to a family member or friend before the race start, since pumps will not be accepted with your morning clothes bags.
- For security and safety reasons, bikes will not be allowed out of Transition once bike check-in begins on Saturday. Spectators or family members will not be allowed to enter Transition.
- On race day technical support vehicles will patrol the course to aid in emergency repairs.
Local Traffic Laws
Please remember that the local community uses the bike course roadways. Realize that you are an ambassador for the sport and this event and that the impact of your actions is far reaching. When you’re out riding the course, please adhere to local traffic laws and take the extra step to be courteous and respectful to the residents of the local community.

When training, please take all safety precautions and follow these suggestions:
• Please ride single file. This is not just for your safety but also to ensure local drivers can get where they need to go without delay and frustration.
• Please obey traffic laws (stop at stop signs, signal when turning, etc.).
• Please do not use private property as a toilet. There are plenty of local stores along the way with public bathroom, so kindly use them. On race day there will be toilets at each aid station.
• Please do not litter. Keep your sports nutrition wrappers with you until you find a trash can.
• Please ask your friends and family members to refrain from painting the roads along the course. Defacing public property is a punishable offense.

Every time a cyclist has an altercation with a driver, that driver sees every cyclist on the road as the enemy. Every time a cyclist is courteous to a driver, that driver will give every cyclist on the road that much more respect and courtesy in return. Please think before you act.

Bike Course Rules and Instructions
1. All bikes must display the bike frame number.
2. No tandems, recumbents, fairings or any add-on device designed exclusively to reduce resistance are allowed. Any new, unusual or prototype equipment will be subject to a determination of legality by IRONMAN and/or the Head Referee.
3. All bikes and helmets must be checked in by Saturday 5:00 p.m. prior to race day. Race officials reserve the right to reject any bicycle or helmet not meeting safety standards. If the bike does not meet safety standards, the athlete will be required to correct the problem before participating in the race. Once your bike is checked into Transition, only small covers on the seat and/or computer will be allowed. Large plastic bags that cover the entire bike will not be permitted.
4. Position Rules:
   a. Absolutely NO DRAFTING of another bike or any other vehicle is allowed. A pass occurs when the overtaking athlete’s front wheel passes the leading edge of the athlete being overtaken.
   b. Athletes must ride single file on the far right side of the road except when passing another rider. Side-by-side riding is not allowed.
   c. Overtaking riders may pass on the left for up to 25 seconds, but must move back to the right side of the road, after passing.
   d. Athletes must keep 6 bike lengths of clear space between bikes except when passing. Failure to do so will result in a drafting violation.
   e. Athletes committing rules violations will be notified “on the spot” by an official.
   f. The official will:
      i. Notify you that you have received either a BLUE CARD for drafting and littering or a YELLOW CARD for any other penalty. The official will show you the corresponding colored card.
      ii. Instruct you to report to the next penalty tent (PT) on the course. There will be at least two PTs on the course.
   g. The Athlete will:
      i. Report to the next PT and tell the PT Official whether you were shown a BLUE CARD or a YELLOW CARD. If you fail to report to the next PT, you will be disqualified.
ii. Have race numbers marked by the PT Official with a “/”.

iii. Register, via the sign-in sheet.

iv. Resume the race for all non-drafting after serving a 30 second stop and go time penalty violations (YELLOW CARD).

v. Remain in the PT for the time indicated in the table below, for each drafting and littering violation (BLUE CARD).

vi. Be disqualified if you receive penalties. An athlete may finish the race if he or she has been issued a red card (disqualification) unless otherwise instructed by a Race Referee

- 1st BLUE CARD Offense 5:00
- 2nd BLUE CARD Offense 5:00
- 3rd BLUE CARD Offense DSQ

vii. Be disqualified for not reporting to the PT.

5. Helmets, bike shoes, and other cycling gear may be placed on the bike or in a transition bag. Shoes and shirt must be worn at all times.

6. The race bib must be worn on the front during the run. Bike is optional.

7. CSPC Helmets or Helmets that meet the safety standard from the athlete’s country are required during the entire bike portion, including in and out of the transition area. Athletes riding without an approved helmet or chinstrap not fastened may be disqualified. Alterations to hard-shell helmet, which affect its integrity, are not allowed.

8. No individual support is allowed. Ample aid stations will be provided. Friends, family members, coaches or supporters of any type may not bike, drive or run alongside an athlete, may not pass food or other items to an athlete and should be warned to stay completely clear of all athletes to avoid disqualification. It is incumbent upon each athlete to reject immediately any attempt to assist, follow or escort. Bike bottles must be tossed toward the bottle drop at the entrance and/or exit of an aid station. A penalty will be assessed for discarding a bike bottle or any other litter/trash outside the designated drop zone.

9. Each participant must be individually responsible for the repair and maintenance of their own bike. Assistance by anyone other than race personnel will be grounds for disqualification. Each cyclist should be prepared to handle any possible mechanical malfunction. Technical support does not include the normal changing of flat tires. A limited number of technical support vehicles will be on the course to assist with emergency repairs whenever possible. Be prepared!

10. Participants are expected to follow directions and instructions of all race officials and public authorities. Failure to do so may result in disqualification.

11. Athletes may walk their bike, if necessary, but may not make progress on the bike course unless accompanied by their bike.

12. All participants must mount and dismount in the marked zones at the transition areas. Under no circumstances should an athlete ride their bike inside the transition area.

13. Headsets, headphones, MP3 players, iPods, cell phones or other listening devices are not allowed during any portion of the event.

14. If you need minor medical assistance, “sag” vehicles will pick you up and take you to the medical tent, where you will receive treatment. Depending upon the level of care, ambulances may take you to the nearest hospital to receive treatment. If you have a technical problem, the sag vehicles will attempt to make minor repairs to your bicycle or take you to the next aid station. If you have a problem, please go to an aid station for further assistance.

15. The bike course cut-offs are as follows:

- *10:45 a.m. ..... Must start 2nd Lap at turnaround on PR-165 (Camino del Mar)
- *11:15 a.m. ..... Must be past far turnaround on PR-165 (Dorado)
- *12:45 p.m. ..... Bike Course Closes

*Cut-off times are subject to change.

16. All athletes still on the bike course after the cut-off time will be pulled from the course and will not be permitted to continue the event. After completing the bike portion, you will cross timing mats
on your way into Transition Area. Once inside transition, change into your run gear (public nudity is prohibited). Place your bike gear along with your bike, at your bicycle rack. Since other athletes will be entering T2 after you, please stow your gear under the bike rack and out of the traffic lanes. Following the race, collect your bicycle and bike gear from T2, be sure your bar-end plugs are in place and you have no loose spokes, brakes, headsets, stripped cables, etc. Adjust the hubs and position handlebars correctly. Ensure that cables and tires are in good condition and sew-up tires are glued properly onto the rims. Securely fasten all equipment you may carry with you on race day.

17. Helmet mirrors or mirrors attached to the bike or body are prohibited unless needed for a verifiable medical reason. Athletes granted permission to use a mirror will be ineligible for awards or World Championship entry slots. Athletes using a mirror without permission will be disqualified.

18. Do not litter. Any item that needs to be discarded, including but not limited to water bottles, gel wrappers, energy bar wrappers, broken bike parts, or clothing items, may only be discarded in the trash drop zones at each aid station. Discarding any item outside of the trash drop zones will result in a blue card (5 minute time penalty).

19. Please do not use private property as a toilet.

RUN: 13.1 MI/21.1 KM

COURSE DESCRIPTION
The running course will take athletes on a 13.1 mile (21 km) run through the city of Old San Juan. Runners will make their way through the northern part of the islet with breathtaking views of the Atlantic Ocean, running past 16th century Spanish architecture on their way to reach the turn around point at the entrance of the famous Fort San Felipe del Morro. This 16th century citadel, constructed to protect the town from attack by sea, is one of the highlights of any tour of the old city, a rocky web of tunnels and barracks, towers and prisons. Probably the most famous monument from Spanish colonial times, the fortress stands out on a rocky islet, forever a reminder of a different age. Runners will return to the transition area to start the second and final loop.

**Lost & Found**

It is highly recommended that you mark your gear with your race number. IRONMAN is not responsible for any lost items.
For Lost & Found items:
• Prior to race day, stop by the Race Office at the Expo Grounds.
• On race day, Lost & Found will be located at the Morning Clothes Bag Tent next to Transition at the Parque del Tercer Milenio.
• Following the race, please contact info@bnsportsllc.com for information on any lost or found items.

Medical Information
• There will be medical facilities and medical volunteers throughout the race course. A medical aid station at the swim venue will handle any medical needs that arise during the swim. Trained individuals will be stationed along the swim course – in boats and on rescue boards – to assist you in case of an emergency.
• Additionally, there will be a full-service medical station located at the finish, as well as mobile medical teams roaming the course. Over half of the visits to the medical area occur after participants finish the race. Please do not leave the finish area until you are sure you are stable, can drink without vomiting and stand without dizziness. The medical station at the finish will close nine hours after the race start. All athletes seeking medical attention after that time will be referred to local emergency room facilities.
• Any medical expenses incurred are the sole responsibility of the athlete and not IRONMAN.
• Particular dangers during IRONMAN events include dehydration, hyponatremia, sunburn, exhaustion and injuries sustained from accidents. Please ask for medical help if you have the slightest hint that you may need it. You will not be penalized for receiving a medical evaluation. You will be withdrawn from the race only if you require transportation, IV fluids or if medical personnel feel your continued participation could result in serious harm or death.
• During events of extreme endurance, the body’s pain threshold is raised, and you may be in more trouble than you realize. The medical personnel will do all they can to keep you in the race and assure a safe finish.
• Please be attentive when taking water from volunteers when you’re on your bike to avoid the possibility of accident or injury to yourself or another.
• Trim your fingernails and toenails prior to the start of the race to avoid injury to other athletes. Be especially careful to rinse your goggles of any excess defogger solutions to avoid eye irritation.
• Stay with your familiar and proven routine regarding training, nutrition and equipment, especially just prior to the race. This also applies to pre-race dietary intake and medications. It is recommended you avoid an extreme elimination diet. Adequate salt intake during training and during the event is especially important.
• If you are taking any medications, or have any medical problem that may influence your performance or your treatment in the event of an injury, advise us of all necessary details well in advance of race day. At athlete check-in, you are required to notify the medical team, in writing, if there is any change in your medical status/condition after your event registration was submitted. Failure to do so will result in suspension of participation in future IRONMAN events.
• You are solely responsible for avoiding medications that appear on the list of banned substances as determined by IRONMAN Anti-Doping Program.
• Feedback from previous IRONMAN contestants indicates we can never over-emphasize the importance of hydrating prior to and during the event. Our Medical Director recommends you begin hydrating heavily several days before the race and drink enough fluids so your urine is clear, colorless and copious by race day.
• Full disclosure of medical condition(s), general health and surgical procedures within the previous 12 months is required. Medical consultation/clearance may be necessary from an attending physician prior to participating in the event. In all cases, the final decision of medical consideration is at the discretion of the IRONMAN Medical Director.
