WHAT IS B.A.S.E.™?

B.A.S.E. is comprised of a movement screen, energy and power analysis, sport-specific kinetic chain evaluation, and overall strength / stamina test.

WHAT DOES B.A.S.E.™ DO?

The B.A.S.E. assessment will provide every athlete with a complete outline of their overall physical foundation. The B.A.S.E. assessment reviews the body from the ground up and provides essential feedback in order to maintain athlete health, and to continue developing athletic performance.

B.A.S.E.™ ORIGIN

B.A.S.E. was created through a collaboration of Physicians, Physical Therapists, and numerous Sports Industry Professionals.

In conjunction with the Area Scouts platform, B.A.S.E. will provide every athlete with all of the tools necessary in order to succeed at the next level.

THE PLATFORM

B.A.S.E. ASSESSMENT REVIEW

Area Scouts provides each athlete with a comprehensive movement screen and athletic assessment. These evaluations are followed up by a series of corrective measures provided to each athlete by leading Doctors of Physical Therapy, Certified Strength and Conditioning Coaches, Orthopedists, and numerous Industry Professionals.

POSITION-SPECIFIC EVALUATION AND CORRECTIVE MEASURES

Every premium athlete will perform an on-field assessment that will be evaluated and graded using a series of benchmarks. Athletes will be provided with instruction, exercises and drills in real-time, to correct and improve upon any deficiencies they may have throughout their entire development process on the platform.

PROFESSIONAL GRADE ATHLETE DEVELOPMENT REPORT (12U)

Athletes 12U and their families will receive a professional grade athlete development report. These reports / scores are recorded, and can be shared through the platform as desired.

PROFESSIONAL GRADE SCOUTING REPORT (13+)

Athletes 13+ and their families will receive a professional grade scouting report. These reports / grades are recorded, and can be shared through the platform as desired, in order to maximize exposure to coaches, recruiters, and scouts.
