

CITY OF PARK RIVER PARK DISTRICT
MONTHLY MEETING
May 8, 2023

Present: Seim, Stromberg, Syrup, Hell, Praska Kadlec

Absent: D. Irvine

Meeting Called to Order by: Seim

Review and approval of meeting minutes and financials: 1- Stromberg 2- Hell, carried by all board members.

Old Business

Park Signs: Slow going, not getting any response. Will try one more time and then go to another company.

Pool Work: The crew is here as of Sunday. They are unsure of how long it will take for sure, but everything is in order

when it is complete. Do we really want the splash pad at the pool location or at the Complex?

Misty will check to see

what the grant will allow. If we can change locations or back out on the installation of it and pay out the custom pieces

we have already ordered.

Arena Committee Update: n/a

Babe Ruth Tourney: There have been some signing up to help as well as businesses helping out. We could use any

members of our board to help float those days and help where needed. We have decided to go with the wrist band

option for gate fees as well as the daily option.

Picnic Shelter at the pool park: at a stand still waiting for quotes

Pull Behind Mower: nothing new to report as of now

Batting Cages: delayed waiting for the power company to come drill holes. Next week we may need help with the

netting, if everything else is done. We will have the option for batting practice during the tournament at other fields, so

we do have to have them put up.

Park by Golf Course: Getting cleaned up pretty nice. Still need some sticks picked but it is looking better.

Camera: We have decided to put cameras at the campground and the pool. Polar will reach out when they are ready to be installed.

HMR take over books: they will start with payroll on the 17 th . All employees need to have a W2 and all employment info

filled out. Also, Misty's bonuses will be paid out quarterly through the City. Amy will arrange that with the City.

New Business

Pre-Tournament Agenda: Everything will be busy next week once we know what teams are coming. The parking lot will

be dragged Wednesday, hopefully we can have the parking lot staked for parking issues, picnic tables will be moved in and we will use big spools where we can. Matt will talk with Duane about what grounds needs to get done and what the city can help with.

Shed/Building @ Complex: it is possible to move the red shed at the Vern for now, but we would like to see a shared building with baseball as well as possible the splash pad pump.

Bills Reviewed and approved 1- Stromberg 2- Hell , Carried by all board members.

Open Discussion: the flag needs to be fixed, the City has agreed to do it but it is too wet to get their truck out there without rutting it up.
