

GUEST PLAYER POLICY

In the event any KGF team is short players to fill their roster for any KGF sponsored game or tournament, the coach will first look to fill the open roster spot with another girl from within the KGF program. If any KGF girl is unable to fill the opening, and the coach feels it is necessary to go outside the members of Kaukauna Ghosts Fastpitch (KGF) to find a player, they must notify the Board of Directors prior to obtaining this player. The board will then require a vote on this decision, to consider the validity of needing a player from outside our organization.

The board will then assess whether or not a cost to play for KGF will be charged to the player for the first tournament the player participates in. If the player participates in more than one tournament, the player will be responsible for \$50 per additional tournament. The coach will be responsible for notifying the board of the additional player(s). The coach will be responsible for finding a uniform for the player to wear. If a fee is applicable, the coach is responsible for collecting the fee and submitting it to the Board of Directors. The Board of Directors also has the right to review each case and allow modifications to the rule due to circumstances.

In addition to the current rule, if there are Kaukauna Area School District students that are not registered in our program that choose to participate in Kaukauna Ghosts Fastpitch activities (such as practices or league play), the student will be responsible for fees to contribute towards program expenses. Those non registered students participating in practices will have a fee of \$150.00. The non registered students participating in league games will have a fee of \$100. Coaches are responsible for notifying the board if they have players that fit these rules. Coaches are also responsible for collecting the fees, getting insurance waivers signed, and submitting the information and fees to the board.
