## DinoMights Celebrates 30 Years of Community Impact and Development at Annual Fundraiser

Thank you to our amazing sponsors, volunteers, and fundraiser committee for making this year's Annual Fundraiser another incredible success filled with inspiring stories, monumental moments, and a lasting impact on more than 600 DinoMights participants.

We're thrilled to share that this year's event raised over \$360,000, making this a new Annual Fundraiser record!

Your support is essential to the programs that make DinoMights what it is—academic tutoring from elementary through high school, summer camps, the Greg Carroll Learn 2 Skate program, and our many hockey teams across Minneapolis and St. Paul. These initiatives help us reach milestones like a 100% high school graduation rate from 2020-2024 and an overall 88% graduation rate.

We can't thank you enough for your generosity and belief in DinoMights. Your support helps us grow our programs, build stronger relationships, and create more opportunities for our youth on and off the ice.
