## IN REVIEW: WEEK 3

Week 3 proved that this season is shaping up to be one of the most competitive yet. Several matchups came down to the wire, with teams battling it out inning by inning and a number of games decided by the slimmest of margins. As a result, the standings are tightening up and every win is starting to matter a little more.

With a bid to the 2026 GSWS in Columbus, OH on the line, the race is heating up and the intensity is only going to grow from here. Still, with plenty of softball left to play, every team remains in the hunt and anything can happen as the season unfolds.

Get ready for Week 4! Stay hydrated, bring your A-game, and be prepared for another exciting round of softball!
