and enforcement of our rules. He will not rule on judgment calls, which are the sole responsibility of the referees. The Rules Official will make a final decision as to the rules, but he may take time to consult with anyone he/she feels will help in the decision making process. There will be no protests. The Rules Official shall have the final authority in terminating any game if he/she determines it is in the best interest of both teams involved (blow outs) and only if two (2) periods have been completed. The Rules Official does not have to consult the referee but may do so as a common courtesy. There will be no further appeals following this process.

2. A coach through his captain, may ask for a rules interpretation from the Rules Official, by first asking the referee to speak to the Official. If the request results in the questioning of a judgment call, the referee will assess a bench minor for delay of game. All requests must be made at the time of the occurrence, before play resumes. The rules official may bring a rules violation to the attention of the referee if he/she feels that not reporting such would have an adverse effect on the outcome of the game.

3. Team with the higher seed will be designated the home team in Game 2 (and if necessary Game 3), as well as all games in the round robin format. The home team has the choice of benches but must notify the Rules Official, Referee and the opposing coach at least 15 minutes before the start of the game. Failure to do so may result in a delay of game penalty. Choice of benches by the home team will not result in the home team's student fan section being behind the visiting team player's bench.

5. An automatic fine of \$100.00 per penalty will be assessed to a team for each player, coach or other team representative receiving a game misconduct or match penalty. In addition to the penalty already assessed a game suspension will be assessed by the Board of Directors to a player, coach, or other team representative receiving a game misconduct for fighting, leaving the bench and participating in an altercation (including the penalty box), obscene gestures, removing a player's helmet, first to intervene in an altercation or any match penalty. All fines must be paid at the time directed by the Board of Directors. The Board of Directors reserves the right to assess suspensions and/or fines, in addition to any suspension and/or fine that have already been imposed. Any Senior Allstar candidate receiving any of the above penalties may be removed as the team representative by the MSCHA Board of directors or their own team administration.

6. Rule 9-G-4 in the rule book is in effect, except the fine is to be paid within 24 hours.

8. Rule 2-JV-3 AND 2-JV-4 applies.

9. Any suspension penalty received during an overtime period will remove that player for the rest of the overtime periods and shoot outs needed to determine a winner of that series. This suspension penalty will carry over to the next game or if the penalty is received by the losing team, the appropriate fine will be assessed.

10. The fifteen penalties per game rule does apply to all clubs, coaches and administrators and will apply to any Game 3 (Rule 2-P-6 applies).

11. Rule 1-P-2 applies shortage of time remaining (page 23) when the ice time is not extended by the rink to allow for the completion of the game. This does not apply to mini-games, overtimes or shootouts.

12. Playoff games may **only** be canceled by the President.

13. The referee will act as the Rules Official if one is not present (duties outlined in Paragraph 1) and as the final authority on any appeals when the Rules Official is not present. The bench minor rules will apply if the appeal of the referee involves the questioning of a judgment call.

14. The shoot out period shall be considered part of the game and all unexpired penalties shall remain in force. Players still serving their penalty at the end of the game just prior to the shoot out are not eligible to participate in the shoot out. Game Misconducts and/or Match penalties do carry over to the shoot out and those players are not eligible to participate in the shootout procedure.

A player, who is serving in the penalty box with the player who has been assessed a minor and misconduct penalty, is allowed to participate in the shootout. The player who has been assessed the penalties in the preceding sentence will not be allowed to participate in the shootout. If the penalized player is a goalie then two players, neither being the penalized goalie, will be in the penalty box. One of these players needs to be designated before play resumes as serving the penalty for the goalie and will not be allowed to participate in the shootout. The other player in the penalty box in this situation will be allowed to participate in the shootout.

A player, who is serving a bench minor penalty for the coach or the team, is not allowed to participate in the shootout.
