## ACTIVE Kids HAPPY Kids

### Have your kids been active? Here's what you said!

Here's what we found out when SYC asked, "Have your kids been physically active while at home?"

49.8% of you said, "Yes they are!"

35.3% of you said, "Somewhat."

14.8% of you said, "No."

We're so excited to see that the majority of our families have been able to keep their children active during the pandemic. We know it's been very difficult and understand that not everyone has been able to make it happen. We're here to help. Let's keep working together to keep our children healthy, fit, and strong. We can do this!
