The purpose of the Gold Cup Club is to support the players and the soccer program. This support includes promotion of school spirit, parent involvement, and participation in fundraising activities to fund the end of year banquet and Senior Scholarships.

Our efforts will also allow us to provide services and support that are not available through the school district. Our booster club works with other campus organizations. Our association with other organizations benefits our athletes through scholarship opportunities, community service projects and school spirit.

Everyone is encouraged to join as soon as possible so we can begin making plans for the year— if your child does not make the final cut we will refund any membership fee you paid upon request.
