

# CHARGERS READY!!!

## 2020 SEASON

Welcome back Chargers! As we all know, we could use a little football and cheer right now. While things are uncertain, we have been working behind the scenes in anticipation that the 2020 season is locked and loaded. We are so excited for what's in store and we are happy to see old faces and new! WE ARE READY!

Things are changing daily, but we will work hard at making sure our organization complies with the direction the OMYFA takes in this unprecedented time. Once we have an idea of the actions that need to be taken, we will be as transparent with everyone on how we are going to make this season a success.

If you have any questions or concerns please do not hesitate to contact your coach or any board member. They will be happy to help assist.

We are optimistic and excited for the season ahead! We are coming off one of the best seasons (2019) the Chesterfield Chargers have historically had. We don't want to stop there – we want to make it better!

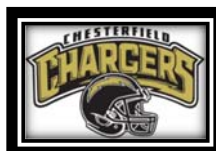

Let's go get em'! Chargers ARE ready!

## EQUIPMENT FITTING SCHEDULING

We are scheduling equipment fittings a little differently this year. We will be putting together a sign up genius for parents to select a time that suits the best time for you and your athlete. All necessary disinfecting protocols will be implemented for fittings. Keep an eye out for communication from the Equipment Manager, Bryan Rots in the very near future. **Scheduling will begin in June.**

Please see the following link to schedule your fitting time:
