### **The *Say No To Hate* Program**

In an effort to create high character players, Impact Soccer Club is committed to the **Say No To Hate** program. This program is motivated to ensure that this is a safe, positive and respectful environment to develop. We hope that every player treats others with same respect that they would want to be treated. Impact SC is dedicated to teaching players how to apply these traits on and off the pitch.

---

### **IMPACT SC SAY NO TO HATE PLEDGE:**

Negative actions toward any person based on race, ethnicity, gender, religion, sexuality, ability or any other factor are unacceptable. In acts of hate and intolerance, being silent is acceptance of these actions and I must act in order to combat hateful actions. I will commit to act: speak-up and do what I can to stop hate in our Club. I will express that such actions are intolerable within our Club.

I say NO TO HATE!
