

## WEST BEND DUAL SPORTS PARTICIPATION FORM

Dual participation is only allowed at the high school level. It does not work in most cases and is something hard for the student-athlete to maintain. It works best with individual sports. Students must fill out the dual participation form **in advance** of the beginning of the season. They must speak with both coaches of the sports they are interested in to see if it is even feasible. If feasible, they must obtain a signature from both coaches and declare a primary sport. The primary sport will be the sport that is attended if there is a conflict.

Primary Sport \_\_\_\_\_ Coach's Signature \_\_\_\_\_
