NOTES:

As per current rep tryout policy, players must (at a minimum) start their tryouts at the level indicated above based on their current team and birth year. Players are free to tryout for a higher team than the one indicated if they desire.

2011-born Novice players must attend fall Novice tryouts. The format for Novice rep is still being finalized by the OWHA. The current policy does not allow Novice players to play up in the Atom division.

House League/DS players are free to start their tryouts at any level they desire, but parents should exercise good judgement to not skate at a level that might put their daughter at risk of injury.

Players may be exempt from the requirements if they are released by the head coach of the team in question prior to tryouts or by special permission from the Rep VP.

Players coming from boys hockey or other female associations may tryout at whatever level they desire.

Please refer to the CYGHA web site for all rep policies.
