

2019 Spring Fundraiser Info

CAHA Members twice a year have a unique opportunity to fund raise for their own hockey fees and family accounts. 100% of all of these fundraisers go back to the members! In coordination with the CAWHA board, these fundraisers are intended to make hockey more affordable and less of a financial burden. Through the coordination of CAWHA, these fundraisers have been very successful in the past, and have been crucial assistance to those that may not be able to afford the cost of hockey. We thank all of those that donate their time to make this happen and a special thanks to the businesses involved that participate. We encourage you to give them a thank you!
