## PLEASE READ AND SAVE THIS LETTER

There are some important things that C.C.Y.F. would like you to know as you sign your child up to play youth football.

The players are placed on teams by their grade level and by the school district in which they reside. Our goal is to build true feeder teams for the high schools. We will do our best to place players on a team with their schoolmates. However, no player will be placed on a roster without registration paperwork completed and league fees paid.
