

## 2020 Barrington Broncos Spring Hockey Development Program

Barrington High School Hockey Players and Current 8th Graders in the Barrington 220 School District: The 2020 Barrington Broncos Spring Hockey Development Program is a great opportunity for players to become familiar with the coaches, systems, and their future classmates. 8th graders are strongly encouraged to participate if they intend to play for the Broncos team in the fall. The Broncos Spring Hockey Program will focus on skill development in practices, small area games, and scrimmage games against Scholastic Hockey League and other local HS hockey teams.

We anticipate fielding **2 teams: 1 Varsity and 1 Junior Varsity team, (a second JV team may be considered in spring dependent on registration numbers)**. Varsity and JV Spring Teams will play 6-10 scrimmage games against Scholastic Hockey League teams. For more information about the SHL, please visit [www.scholastichockeyleague.org](http://www.scholastichockeyleague.org). Teams will have 12 practice/skills sessions on Tuesdays and Fridays. Sessions may include 3 on 3 half/full ice games. Home game slots for all teams will be on Sunday evenings. Spring jerseys will be provided. **\$550 players / \$275 goalies**

\*Please note that Barrington Broncos Hockey Club **does** permit registered spring players to "double roster" with other Tier 1 and Tier 2 hockey clubs during the spring season.
