

2021 Winter Indoor Soccer Development

We are excited to announce our 2021 winter co-ed indoor soccer sessions run by Coach Brendon Ulysse, of Ulysse Soccer Training. Brendon is a well-respected coach in the Brantford and Paris area, and works with many of our competitive teams throughout the year. This collaboration will provide our Paris FC youth with a strong base in soccer fundamentals while also being a fun and interactive program.

Each session will consist of both skills development and small-sided games.

All sessions will comply with Provincial, County, and OSA COVID-19 guidelines. Zero risk registration – full refunds if further COVID-19 restrictions prevent us from running the program.

Register soon, as space is limited!
