Subject: Technical Development Plan Survey

Ontario Soccer is seeking membership input on the future technical development direction of the organization.

The Technical Development Plan is a sub-strategy to the overall Strategic Plan of Ontario Soccer and will be structured as a three-phase, twelve-year plan running from 2025 through to the end of 2036. It will cover the five core pillars of Technical Development for Player, Coach, Match Official, Club and Competition.

The planning process will require valuable input from many stakeholders of Ontario Soccer and all organizations are asked to please share this survey with their Boards, staff, Volunteers, Coaches, Match Officials, Parents and Players.

To participate in this survey, please [click here](#) before the closing date of **November 13, 2024**.

We thank you in advance for your input and collaboration.

If you have any further questions about the survey, please contact [Matt Ferreira, Director, Development](#).
