

Dear SACYSL Parent/Player;

Southern Alameda County Youth Soccer League (SACYSL) holds annual open team tryouts (for the upcoming fall-spring season) in accordance with NorCal Premier Rules. It is that time of the year where the league's competitive side of soccer is looking to create and develop additional/new competitive teams.

I witnessed an incredible amount of talented young players during the 2018 fall season, both girls and boys, who show the ability to develop their soccer skills to take it to the next level. It has been a few years since I have seen such great talented soccer players at this age level. We want to give your child the opportunity to come out and at no charge, tryout for one of the CA Northstars competitive teams. But...No matter what the outcome is after tryouts, **any child that is not selected to play competitive or if the parent(s) feel it is not for them, your child will be registered into the recreational side** of the league, as he/she was last year.

If you have already registered your child with SACYSL, and your child is selected to play competitive, then his/her registration will be transferred to the competitive side of the league.

The following dates have been established for tryouts:
