STATEMENT FROM SYC PRESIDENT ANNUAL MEETING UPDATE

As the pandemic - and the resulting limitations on everyone's activities - continues, I would like to take this opportunity to update everyone on how we will be handling the corporate governance of the Club in the near term.

SYC is a non-stock corporation chartered pursuant to the laws of the Commonwealth of Virginia. As many of you know, we are a not-for-profit entity pursuant to IRS Code Section 501(c)(3). Normally, we hold our annual membership meeting each May. At that time, in addition to conducting a regular meeting of the board and presenting awards to deserving youth athletes and volunteers, the meeting provides the forum for the club's general membership to elect board members for any open positions. Our board has 15 members, who serve in staggered three-year terms, so that five terms are up each annual cycle. Resignations and retirements can create other vacancies. Once elections are held in May, the board convenes in June and the executive roles – President, Vice President/Operations, Vice President/Activities, Secretary and Treasurer – are elected by the board from its membership.

Given the current restrictions imposed on large gatherings, it is not feasible to hold our annual meeting in May as originally planned. Accordingly, in April, the board voted to take the following steps:

1. Our general meeting will be held this August. This will be in person if health considerations allow it, or a virtual meeting if not.
2. In the interim, the board will remain as currently comprised and will continue to meet monthly.
3. In addition, in the interim, the board and the staff will test virtual meeting platforms to be sure we have the best system possible available in the event we have to meet and vote virtually. There are some unique features of SYC's bylaws with respect to elections that we need to test to be sure some of the popular virtual election software fully serves our needs.

As a board, we are committed to keeping the club organized and viable as we work our way through the current health crisis, while at all times keeping the health and well-being of our membership as our foremost consideration.
