

American AED

SAVE \$250 off any new AED package by using **promo code JW250** at checkout.

For your soccer association, we recommend the [Defibtech Lifeline](#) and the [Philips HeartStart FRx](#). Both AEDs are **rugged, durable, and well-suited for sports environments**, making them excellent options for use on the field or at athletic facilities.

Here is a quick overview of the AEDs:

Defibtech Lifeline

The Defibtech Lifeline offers essential SCA treatment with an intuitive two-button interface, calm voice prompts, and clear visual indicators. Its lightweight, fully integrated design eliminates moving parts and meets military durability standards for shock, vibration, dust, and water resistance.

Replacement schedule: Battery: 5 years | Adult pads: 2 years | Pediatric pads: 2 years

Philips HeartStart FRx

The Philips HeartStart FRx is a rugged, reliable AED built for responders in demanding conditions, with pads suitable for both adults and children using a simple Infant/Child Key. It withstands rough handling, extreme temperatures, and dusty or wet environments.

Replacement schedule: Battery: 4 years | Pads: 2 years

In addition, when it's time to maintain your AED, you can save **10% on replacement supplies**, such as pads and batteries, by using promo code **JW10**.

Thank you for prioritizing the safety of your athletes and community.
