

**AGM Meeting  
January 22, 2023**

Futsal - not at Adrenaline. Working on finding a place to have it at.

It would be beneficial to get away from Sports NGIN. For registration purposes.

**Rec Soccer:**

- Fields have been going a lot better the last year.
- Equipment has also been going well. There are no anchors for the smaller goals, looking into sandbags that are easier to move when they mow.
- ACTION ITEM** - Sean to check into getting sandbags for the goals.
  
- Going to look into Rebyl sports in Coon Rapids for apparel for rec. They are willing to use other vendors and not stick with just one.
- Player/family communication has gone really well. Emails and being on the fields.
- TeamSnap has worked wonders on the rec side. The support team is open to feedback and helps out right away with issues.
- Kickoffs have gone really well for the season. Use a couple of volunteers to help guide parents and players on the field.
- Scheduling has gone really well, aside from possibly changing summer Super Soccer Saturday because of the USA Cup. Possibly have more time in between games for snacks.
- Refs went really well this past year for rec.
- Include 2 balls in the coaches bag for rec, new bags for coaches.
- Rules need to be more consistent throughout the whole club/coaches/refs. Solidify before the season starts.
- Having coaches set before the season starts has been a challenge. Used to use Y Mod (Grass Roots) training for coaches (online or in person). Gave coaches confidence. Could look at hosting a 4 v 4 course.
- It would be a great idea to bring in a coach mentor. We should advertise for this.
- Making sure that all of the needs for volunteers are done before the season.

### **Competitive Soccer:**

- Team numbers have gone up since we partnered with CR United. Goal is 2-3 teams per age group. Close to having that.
- One of our goals is to be different from everyone around us. Lower fees.
- Possibly doing an education meeting for younger teams/parents about pathways to college soccer.
- May schedule another college soccer meeting for older players.
- The whole club has switched to TCSL instead of MYSA.

Board Members need to do 2-4 hour shifts at 2 separate events. 5 events total and you need to commit to 2 for 4 hours.

- ACTION ITEM** - Mandy to send this in with job descriptions for board members.
