WHAT IS USA SOFTBALL?

USA Softball [formerly known as the Amateur Softball Association (ASA)] is an independent and unique organization. It is one of the largest and fastest growing amateur sports associations in America today. Its membership is comprised of men, women, girls and boys who are dedicated to amateur sports. More than 40 million adults and youngsters play annually in the United States some form of competitive and recreational softball and the majority of them play USA Softball. Softball is the largest team participation sport in the country.

To paint a picture of USA Softball and its activities, imagine a colorful progression of dedication, effort and growth. To understand its uniqueness and its strength, you will realize that USA Softball is not only improving the status of its members and the game, but it is also developing and sharing with softball players everywhere a program to develop strong minds and bodies. To clearly understand its accomplishments you must first realize what USA Softball is, what it does, and the goals it seeks.

USA Softball is a non-government, non-partisan and non-profit organization, accepting all that qualify as amateurs, regardless of sex, color, creed or national origin, sexual orientation or ancestry. It is an organization of men and women who voluntarily associate themselves in the interest of amateur sports, particularly softball.

USA Softball is affiliated with other national amateur organizations, but in no way dependent upon any other organization for policy or administration. Its finances are expended only to the improvement or expansion of USA Softball and its membership.

Since 1933, USA Softball has developed, provided and promoted softball on an organized basis. Softball, once a sport that was played under no less than 12 different sets of rules on a national basis, today is played under one set of rules in more than 120 countries. The standardization and uniformity of the playing rules that USA Softball has brought to softball are primarily the reason why softball today is played the world over on such an organized basis. It is interesting to note that many other amateur sports have followed softball's lead.

Those who play softball come from many different walks of life; that is what makes the sport so unique, interesting and exciting. It is not uncommon to find a doctor, school teacher, factory worker or store owner all playing on the same team or against each other, and all with an equal desire to participate and be part of a sport that, although it does not capture headlines or TV spotlight, is still exciting and interests participants and spectators.

USA Softball takes great pride in the part it has played to develop and promote softball. It is proud of the role it has been given to further support and help in the development of the game as an international sport. Through the dedicated efforts of its thousands of member teams, umpires and administrators, USA Softball is part of an organized sport where today 50 million youngsters and adults play the game in more than 120 countries.

For over 80 years, USA Softball has developed and promoted organized Championship Play softball. As the

governing body for the sport in the United States, it carries an important responsibility to the participating teams, players, officials and sponsors to regulate the competition and to assure fairness and equal opportunity to all who participate under the USA Softball banner.

USA SOFTBALL OBJECTIVES

- To promote amateur softball for all persons regardless of race, color, creed, religion, sex, national origin, sexual orientation or ancestry.
- To establish uniform softball rules and regulations.
- To provide proper safeguards in accordance with the spirit of true sportsmanship and establish principles for ethical behavior and matters relating to conflict of interest as provided by the USA Softball Council and Board of Directors.
- To encourage the union of all eligible teams, organizations or groups into such separate associations with active membership in USA Softball as may, from time to time, be deemed best adapted to advance the cause of amateur softball.
- To establish and maintain allied membership, alliances with non-profit associations or organizations devoted wholly or partially to the promotion and development of the game of softball on an Association, Regional or National Level.
- To promote and conduct annual amateur softball Championship Play events.
- To educate and train with the proper skills of amateur softball play and rules of the game through promoting, organizing, and conducting clinics, seminars and training courses.

PROMOTING GOOD SPORTSMANSHIP AND FUN

"An investment for softball's future". That is the byword of USA Softball's Junior Olympic Program, one of the largest youth programs in the United States.

Through this program, youngsters 10 to 18 years of age are introduced to the great game of softball ... the game for everyone and the No. 1 team participant sport in the United States.

In playing softball, youngsters learn sportsmanship, the benefits of keeping physically fit and esprit de corps while, at the same time, developing their own abilities and personalities to the fullest.

And, most of all, this is a program that is fun. The element that makes youth sports "fun" is participation. And each year more than one million youngsters participate in USA Softball Junior Olympic Softball. This participation helps lead to a positive attitude toward sports.

Youngsters compete in league play, USA Softball sanctioned invitational and Championship Play tournaments in both fastpitch and slowpitch. USA Softball conducts 51 prestigious Junior Olympic National Championships each year.

USA Softball commissioners appoint youth commissioners to run individual Junior Olympic programs in cities and towns across the United States. Properly organized and planned programs can provide an enjoyable atmosphere and healthy attitude for youngsters wanting to play softball.

Once involved with the USA Softball Junior Olympic Program, youngsters will experience the thrill and excitement of competition that will last a lifetime.

PACIFIC COAST REGION 10 - USA SOFTBALL

Organizing and affiliating your league as a member of USA Softball makes you a vital part of the finest softball organization in the world. Your teams will enjoy the following benefits:

- 1. Unified and Uniform Eligibility Rules**
All Pacific Coast Region 10 USA Softball teams are governed by the same eligibility rules, thus ensuring your team and league fair competition with teams outside your league. The Pacific Coast Region 14 serves softball teams the same as the California Interscholastic Federation (CIF) and the National Collegiate Athletic Association (NCAA) provide standard eligibility for high school and college teams.
- 2. Uniform Playing Rules**
All USA Softball teams compete under the official softball rules as adopted by the USA Softball. Members are invited to contribute to the development of softball by submitting to their local commissioner any rules, changes or policy suggestions they may have.
- 3. Qualified Umpires**
All USA Softball umpires must pass an annual written examination before receiving tournament assignments. It is also recommended that all umpires attend either a National or Regional School in order to be eligible for assignment to regional or national tournaments. By using USA Softball registered umpires exclusively in your league, you will assure it of having the best!
- 4. Guaranteed Amateur Eligibility**
USA Softball is an allied member of the Amateur Athletic Union (AAU) and member of the U.S. Olympic Committee. The association adheres to regulations that will guarantee the amateur status of its players. This is extremely important to young players who have high school and college eligibility remaining.
- 5. Protest Arbitration**
The Pacific Coast Region 10 will assist in the settlement of any protests between members, upon request. The Regional Director, Regional JO Commissioner or Regional Umpire-in-Chief will make rulings.
- 6. Invitational Tournaments**
USA Softball sanctions invitational tournaments which are open to all USA Softball registered teams. These tournaments are conducted under USA Softball playing and eligibility rules to ensure fair standards for all competing teams.
- 7. Publications**

Each registered team’s manager will receive the official USA Softball Rule Book. Training videos, booklets, and manuals are available through the National Office. Please contact your local Junior Olympic Commissioner for details.

8. Insurance

Insurance can be obtained easily. Your local association will provide details upon request. Tournament/clinic, officers’ and directors’, and equipment insurance is also available upon request. WHAT IS AN ASSOCIATION?

The geographical area of the United States is divided into 10 regions. The Pacific Coast Region is made up of the states of California, Nevada, Hawaii and Arizona, which is divided into nine associations. Eligibility rules start with USA Softball National Codes. These are listed in the Official USA Softball Rule Book. The National rules that govern Championship Tournaments are very broad in scope; therefore the Pacific Coast Region clarifies these rules as they pertain to our Region. Regional rules may not conflict with National Codes. Associations, in turn, clarify Regional rules to better suit our situations. The Association rules may not conflict with Pacific Coast Regional Rules. It's very similar to our Federal, State, and Local system of government.

Each Association is represented by a Commissioner who acts as a liaison between their Association and the National Office of USA Softball.

The nine associations in the Pacific Coast Region are:

- Northern California Association
- Central California Association
- Southern California Association
- Sacramento Association
- San Francisco Association
- Hawaii Association
- Nevada Association
- Arizona Association

RESPONSIBILITIES

Junior Olympic Commissioners:

- The local Junior Olympic Commissioner has ultimate responsibility to verify the classification and eligibility of all teams wishing to participate in any USA Softball event.
- The local Junior Olympic Commissioner retains the right to reclassify any of their teams based upon that team's performance in any tournament (s).

Team Manager:

- The manager is the team representative that must have control of their team at all times on and off the field.
- The manager is responsible to verify the team and player's eligibility to the best of their knowledge.
- The manager shall be prepared to provide proof of registration, insurance and age with photo identification at every tournament for each and every rostered player and must show proof of ACE Certification for at least one team staff member
- The manager of any team found to be in violation of these policies may be disqualified from participation in USA Softball play for one full year.

Recreational League President (or Chief Softball Administrator):

- The president/chief administrator is responsible to verify the league's player/team eligibility to the best of his/her ability.
- The president/chief administrator shall notify the local JO Commissioner or his/her representative of any possible infractions.

QUALIFYING FOR NATIONALS

Each one of the nine Associations within Pacific Coast Region 10 are required to conduct Association tournaments to determine who will represent the Association at the next level of Championship Play. This requirement is established to ensure a fair representation of our Region from every Association.

Gold Program:

To Qualify for Gold Nationals:

16 & Under and 18 & Under Class A teams may participate in any Gold National Qualifying event and then have the ability to return to the Class A level provided the team did not earn a berth at the Gold level. "Gold" qualifying is done through the National Qualifier process. Exception: The 18 & Under "Gold" program may add a Regional Qualifier. "Gold" qualifiers will be held throughout the country and each territory will host a minimum of two events. These events are open to any USA Softball team. All teams participating in a "Gold" qualifier will be eligible for their respective "A" Western Nationals. Teams failing to qualify "Gold" and those that passed on their respective Association Championships to participate in a "Gold" Qualifier, may enter the "A" Regional or National Qualifying event for the opportunity to earn a USA Softball berth in the "A" classification.

A Program:

To Qualify for Western Nationals

To qualify for Western Nationals, teams must participate in their Association championship.

To Qualify for USA Softball National Championships

To qualify for USA Softball National Championships, teams must participate in any two Region 10 USA Softball Sanctioned Tournaments, one must be their respective Association Championship.

B Program:

CODE OF CONDUCT

In any sports organization, there must be rules and regulations to ensure fair and equitable competition. The National USA Softball Championship Softball Program provides regulations, known as “Codes” that will be respected and followed by all members. In addition to the National Codes, Pacific Coast Region 10 and the local Associations may establish rules and regulations. These rules and regulations shall supplement the National Codes. They shall serve and protect member teams and players in situations that are unique to our area and further define the codes where necessary. Standards of conduct are part of the National Codes and Pacific Coast Region 10 Rules and Regulations. As a member of USA Softball, every member shall respect these standards. No manager, coach, player, or other individual(s) affiliated with the team shall commit any of the following:

1. **Unsportsmanlike conduct** or any derogatory acts on or off the playing field.
2. **Verbal or physical attack** or threat upon an USA Softball official or umpire.
3. **Recruitment of a player** while he/she is a member of another USA Softball team during the season. No coach, manager, player, or other individual (s) affiliated with the team shall entice a player to change teams until that player’s team has completed Championship Play.
4. **Destruction of property** belonging to another. If an infraction occurs during a Championship Tournament, the team may be ineligible for further championship play. Penalty is suspension from USA Softball tournament competition and payment for damages must be made before the team is eligible. If flagrant, a minimum of one (1) year disqualification may be imposed.
5. **Debts owed:** Non-payment of team-incurred debts owed to the Associations or the Pacific Coast Region. Any other indebtedness is governed by local association.
6. **Failure** to provide an itemized and accurate financial statement to players or parents.
7. **Non-sufficient funds:** Writing checks with non-sufficient funds or account closed checks to a USA Softball official, umpire, member team or individual. Penalty is restitution plus any additional charges. If payment is not made, the responsible party is suspended until restitution.
8. **Commission of fraud or larceny** perpetrated against a USA Softball official or USA Member.
9. **Falsifying an official USA Softball document:** Playing under an assumed name or falsifying an official USA Softball document. Penalty: If discovered while participating in a Championship Tournament, forfeiture of game(s), possible team or player removal from tournament and/or suspension of individual at fault.
10. **USA Softball logos or trademarks:** Use of any USA Softball logos or trademarks without expressed permission.
11. **Commission of any acts** that are contrary to the objectives and purposes of USA Softball.
12. **Acts of disqualification:** Any other acts of disqualification as listed in USA Softball Code Article 305. Penalties for violation of the Pacific Coast Region “Code of Conduct” or any other USA Softball Code violation (s) listed in the USA Softball Code will be determined by the Association Commissioner or his/her designee. A hearing will follow the procedures outlined in USA Softball Code Article 305B – 305E.

CHAMPIONSHIP PLAY

Championship Play is a tournament or competition from which the winner or the winner and other selected teams may advance to higher levels of play of USA Softball (see Article 508, Levels of Championship Play). The following events are considered Championship Play:

- Local Association Championships (including District or County Championships)
- Regional Championships
- Area Championships
- National Qualifiers
- Territorial Qualifying Tournaments
- National Tournaments
- National Championship Finals

ROSTERS

Teams must compete with the same roster in all Championship Play, except teams are allowed to pick up three players when advancing in Championship Play.

1. Number of Players

A maximum of 20 players, including pick-up players, in fastpitch and slowpitch will be permitted on a team roster.

2. Roster Deadline

- The roster deadline for Championship Play is 24 hours prior to the start of Championship Play. Each Association may set an earlier deadline date. Check with your JO Commissioner.
- Once a team has competed in any championship event, the participating players are frozen to that roster and may not compete with another team until the original team is no longer eligible for Championship Play. If a player leaves a team after Championship Play participation, they may not join another team until the original team is no longer eligible for Championship Play *unless a Player Release Form has been approved by the Commissioner and/or his/her designee.*
- Once a team qualifies and accepts the berth, that team's roster is then frozen and the only way additional players can be added to the team is on a Pick-Up Player Form.

3. Junior Olympic Rosters

Players may participate in more than one Junior Olympic Division (Girls Fast or Slow pitch) of play, but are limited to only one classification (A, B or C and 10, 12, 14, 16, 18) within a division of play (USA Softball Code Article 301).

The Pacific Coast Region requires that all team personnel will visibly display proof of USA Softball registration and the current year's background check during Pacific Region 10 Championship Play.

Because they have volunteered their time, many volunteer coaches never stop to think that they may be held legally liable for their actions in coaching. Coaches, even if they are volunteers, are responsible for the safety of the young people in their care. If proven negligent, coaches may be held liable for physical harm incurred by players in their charge.

For a very low premium, USA Softball Junior Olympic Teams may obtain \$250,000 excess accident insurance and a \$2,000,000 liability insurance policy that would cover each player, manager, coach or sponsor during games, practices, group travel to and from these events and others including tournaments and fundraising events, etc. Additional insured, such as field owners, may also be added to your liability insurance policy at no additional charge. Furthermore, if all teams within a league purchase the liability insurance, the interests of the league and all league officers are automatically covered at no additional cost.

While USA Softball does not require each team to obtain insurance as a requirement for membership, any team, organization or community volunteering their softball facilities for a USA Softball sponsored tournament or event may have their facilities covered by USA Softball's liability policy. See the local Junior Olympic Commissioner for additional details.

PREPARING YOUR TEAM FOR JUNIOR OLYMPIC TOURNAMENT PLAY

Sound defense, smart pitching, timely hitting, aggressive base running, a good draw, and a little luck are all important elements in the formula for winning tournament play. There is one other characteristic that almost without exception is common to all tournament winners; winning teams are mentally prepared both individually and as a team to compete and win at the tournament level.

Some teams that play well in their league never seem to perform as well in tournament play. In league play, teams come to the field, take batting practice, play one game, and then go home. Players know who they are playing, when they are playing, and where they are playing.

Tournament play is entirely different. You play, and then wait. You play again, and then wait again. Sometimes you play back-to-back games; at other times, games are separated by several hours. It is not uncommon to play a game in the morning, again in the afternoon, and then under the lights at night. You don't know who you are playing, or what field you will be on. Games run late, schedules become disrupted, and then sometimes with only a few minutes notice, you find out your next game is ready to start.

Better teams quickly learn that league and tournament play are quite different. An almost entirely different mental approach is required to be successful in tournaments. Good tournament teams have learned to overcome the distractions and focus on each game, one game at a time.

Individually, players have learned to concentrate on their own game and to block out all distractions. This individual concentration carries over to the team level. It becomes contagious and infectious. It spreads throughout the team and everyone becomes dedicated to the collective goals of winning the tournament.

The following list of 14 points can help to mentally prepare a team for a Junior Olympic Tournament. It is a basic list of common sense suggestions that have worked successfully for a variety of winning teams. It could also work for your team.

1. Make sure you have all your equipment. Elementary as it sounds, this is a very important point. A simple thing like a batter without his favorite bat can shatter a player's confidence for an entire

weekend. Make sure that you check to see that you have all your bats, balls, 1st baseman's gloves, uniforms, jackets, caps, etc. before you leave for the tournament.

2. If traveling, stay in the same hotel. This allows the team to travel together, and get psyched up together. It also allows the coach to keep track of everyone, especially when leaving for the fields in the morning or when doing a bed check at night.
3. If the tournament is local, get a motel room anyway. The cost split among 15-20 players is only a few dollars apiece. You then have a central meeting place, a place to shower, relax, change and generally add to the fun of the weekend.
4. Encourage family and friends to attend and even travel to the tournament. The more cheerleaders you have, the more pumped-up your team generally is. Spouses, boyfriends, and girlfriends are less likely to hassle the ballplayer about spending "another" entire weekend playing softball if they feel welcome to participate and party with the team themselves.
5. Scout out the tournament site ahead of time. If the tournament is local, make sure the team knows as much as possible about the fields to be used: good or bad, fence or no fence, skinned or grass infield, etc. If traveling, try to take the team to the tournament site the day before the tournament begins, usually Friday afternoon or evening. If they at least know what type of fields they will be playing on, that means one less distraction the next day.
6. Gather your team 1-2 hours before your first game. Maybe even have a light breakfast together. Find a local ballfield near the tournament site and take some light batting practice, 25-30 swings each. Don't work too hard, just loosen up.
7. Get everyone to the tournament site 1 hour before your first game is scheduled to start. The last thing your team needs is the distraction of looking for the pitcher, clean-up hitter, or a carload of outfielders minutes before the game is supposed to start.
8. No surprises. Rarely does a team go into a tournament complete. Usually someone can't make it; you pick some up, or both of these. This usually causes a change in batting order or defensive positions for the tournament weekend. Softball players generally have delicate egos and don't like surprises. If they find someone batting in their spot or playing their position, they don't like it. It has a negative effect on their concentration and the last thing a team needs is a player stewing on the bench or complaining to his teammates. If changes are necessary, review them ahead of time with the players involved. Let them know what is happening, why it is happening, and get them to support the change.
9. After your first game is over, gather your team near the centrally posted tournament bracket. Make certain all your players know how to read the bracket. Before anyone leaves, make certain everyone understands the time of the next game, where it is, and, if possible, who you are playing. Everyone should be back at the field one hour before the scheduled starting time. Once again, your team cannot afford the distraction of some players arriving late, or even worse, not

arriving at all.

10. Get everyone out of the sun. Warm weather and hot sun can hurt your team, more than injuries to your key players. Needless exposure to the sun can sap a team's strength and weaken their ability to concentrate on their game. If you have minimal time between games, let your players grab a soda and hot dog, and then gather in a shaded area somewhere. If you have several hours between games, go back to the motel, swim in the pool, watch TV, and generally relax.
11. Scout your opponents. Sometimes it is worthwhile for the coach and perhaps a few players to spend some time between games observing those teams you might play over the course of the weekend. Defensive strengths and weaknesses, who hits the ball with power, who has the best arms in the outfield, how they run the bases, and individual player batting tendencies can all provide valuable insights.
12. End of the first day. If you are still playing at the end of the first day, particularly if you are still in the Winner's Bracket, you have cause to celebrate ... but not too much. Sunday is always the toughest day. The teams that are left are the best and, if you get knocked into the Loser's Bracket, it's a tough battle to win in the tournament. Make sure your team knows where and when Sunday's first game is to be played and what pre-game routine will be followed. Usually it is best to follow what you successfully did on Saturday. Make certain that everyone gets a good night's sleep in preparation for the next day. An 11:00 p.m. curfew should satisfy everyone.
13. One team from the Loser's Bracket goes into the finals.... it may as well be your team. Don't make the mistake of assuming that because you lost a game the tournament is over. You are not out of it until you have lost 2 games. If you go into the finals and beat the undefeated team, everything is even up. Better yet, you are on a high coming off a win while they are down, coming off a loss. Every weekend, teams come out of the Loser's Bracket to win tournaments.
14. Get pumped-up. Quiet teams don't win tournaments. Teams that yell, hoot and holler, and get their adrenalines up win tournaments. But they do it the right way. They holler encouragement to each other, they get one another psyched-up and pick each other up when they are down. They don't insult the other team, belittle them, or call them names. That has a tendency to get the opposing teams mad and bring out the best in them. Winning teams know how not to bring out the best in an opponent.

These 14 points, along with sound softball, a good draw, and a little luck are the keys to winning tournaments. None of these points by themselves are earth-shattering news. However, winning teams follow them, at least most of them, every weekend of the softball season. The mental aspect of tournament preparation is every bit as important as physical execution during a game, and these 14 points could be the difference between a trip to the finals or an early trip home.
